

Teacher Tenure OK Predicted In Legislature

LANSING (AP) — Republican leaders predicted Thursday the legislature will pass a mandatory statewide teacher tenure law this year rather than risk its being adopted by voters in a referendum.

They indicated, additionally, that the proposal will go before lawmakers with the implied endorsement of Gov. George W. Romney.

Senate majority leader Stanley Thayer, R-Ann Arbor, said the reason for the strategy is a prevalent feeling among legislators that, if placed on the November ballot, statewide tenure would be approved.

Petition Kept Intact

This would mean any future changes in the law also could be made only through referendum. If the legislature passes the law, it would retain its power to amend or repeal it.

The strategy on tenure, which has been demanded by the Michigan Education Association in initiatory petitions bearing 310,000 signatures, was revealed following a meeting of GOP Senate members with Romney.

Thayer predicted afterward the Senate will pass the tenure proposal "exactly as it is on the petitions."

House Speaker Allison Green, R-Kingston, predicted the bill will be approved in the House for the same reasons Thayer foresees its acceptance in the Senate.

The MEA petitions ask enactment of a law which would furnish tenure's protection against being fired without cause or appeal. It would cover all public school teachers after a two-year probationary period.

On Local Option

At present, 59 of the state's 1,500 districts, employing nearly a third of its public school teachers, have tenure on a local-option basis. Most are in urban and suburban areas.

Sen. Robert VanderLaan, R-Grand Rapids, chairman of the Senate Education Committee, said earlier the tenure proposal as sought by the MEA and an alternative local-option plan might be placed on the ballot together.

The local-option plan would have submitted the question to voters in every Michigan school district in the next election of school board members.

Romney has said he favors "reasonable assurance of continuity in their positions" for teachers "who have demonstrated competence."

Romneys Take Hawaii Vacation

LANSING (AP) — Gov. and Mrs. George W. Romney will leave next Thursday for a two-week vacation in Hawaii—"the first real vacation since I became governor," he said. Romney said he plans to deliver two addresses in Honolulu. One will be before a Republican group and the other will be at a session of the Young Presidents Association—a group of corporation and company heads under 40 years of age.

Weather

By The Associated Press

Upper Michigan — Partly cloudy and cold through tonight with snow flurries near Lake Superior. Low tonight 2 to 10. Cloudy and warmer Saturday. High Saturday 24 to 32.

Lower Michigan — Partly cloudy with little temperature change and snow flurries through tonight. Low tonight 8 to 20. Mostly fair and a little warmer Saturday. High Saturday 28-36.

Highest temperature Thursday 30, low 23.

Highest temperature this date a year ago 10, low 1.

Highest temperature this date since 1872, 65 in 1930, low -5 in 1907.

The sun sets today at 6:23 p. m., and rises Saturday at 7:40 a. m.

Changed Setup Proposed For 2 Political Parties

LANSING (AP) — Sweeping overhaul of the structure of political parties' state central committees, with stronger roles assumed by elected officials, is proposed in a bill introduced in the legislature.

The bill, sponsored by Rep. Russell Strange, R-Clare, would put legislators for the first time on the state central committee, the policy-making bodies of the parties.

Strange, chairman of the House Elections Committee, drafted the bill after polling GOP officials around the state. It has the support of the Republican Party. Reaction of Democratic Party officials to whom it was explained has been "generally good," according to state chairman Zolton Ferency.

Contacts Lacking
Michigan Republicans have been troubled in recent months by what some describe as "communications problems" between the party organization and its legislators.

At present, the state central committees of the two parties are composed of four persons—two men and two women—from each of the state's 19 congressional districts.

Strange's plan would enable both parties in the legislature to elect one House member and one Senator to their state central committees.

Other members would include

Scandal Jolts N. Y. Firehouse

NEW YORK (AP)—Fire Commissioner Edward Thompson, blazing mad over reports that women "allegedly ill repute" have frequented a Manhattan firehouse, has suspended five firemen, including the company captain.

"The reputation of the department could be at stake," Thompson said.

He said an investigation begun last month showed that more than once "unauthorized civilians, both male and female," had visited the firehouse of Engine Co. 35 on East 119th St.

Thompson said the women were in the firehouse more than once, but he declined to give further details. The third floor

Horse Identifies Owner Of Still

WASHINGTON (AP) — Internal Revenue Service agents used old-fashioned horse sense to solve an Oklahoma moonshine case.

A horse was found tied near an unattended liquor still near McAlester, Okla., the agency said Thursday in reporting on 1963 activities of alcohol and tobacco tax officers.

The agent released the horse and followed it to a nearby house, where a farmer admitted ownership of the horse—and the still.

U.S.-Mexico Presidents Meet In Goodwill Talks

Flier's Career Jeopardized By 2 Extra Pounds

PORTSMOUTH, N.H. (AP)—Air Force Capt. Harold K. Sacane has fasted, gone on diets and taken reducing pills, but an excess two pounds today jeopardize his military career.

A board of three Air Force colonels Thursday recommended dismissal of the 221-pound, 11-year veteran for being "defective toward his duty to maintain a prescribed standard of fitness."

The hearing was said to be the first of its type involving a commissioned officer.

New weight regulations issued last August for Air Force officers called for Sacane, a 6-foot, 2-inch, 31-year-old, to reduce his 235 pounds down to 219. His latest reported weight is 221—two pounds over the prescribed minimum.

Sacane testified at the hearing saying he fasted several times, sometimes as long as five days. But, he added disconsolately, one four-day fast took off only one and a half pounds.

He also charged that Lt. Col. Hugh B. McManus Jr., a medical officer, "did practically nothing for me. He denied me medication and did not give me a diet as I requested."

McManus, then on duty at Pease Air Force Base, Portsmouth, currently is assigned to Guam.

Sacane, whose hometown is Sunnyside, Pa., called "fictitious and false" the claim that his attitude was "defective" on the weight reducing matter.

"As near as I can figure," he said, "the entire thing was made up."

The husky bombardier-navigator said he was currently under the care of a Brooklyn physician "and at my own expense."

Lt. Col. Jennings O. Larson, squadron commander, testified that Sacane was one of the best bombardier-navigators in the squadron.

Final decision on the board's recommendation will be made by the secretary of the Air Force following review by Air Force headquarters in Washington.

Collision Kills Test Driver At Ford Co. Grounds

ROMEO (AP) — A 46-year-old test driver was killed in a head-on collision Thursday at the Ford Motor Company Proving ground here. The other driver was injured seriously.

The accident occurred on a two-way section of road on the 4,000-acre proving ground when a car driven by Steven Miklos of Romeo apparently veered across the four-lane pavement into the path of a car driven by William Heinemann, 45, of Anchorage.

Miklos was killed and Heinemann was reported in serious condition at the Almont Community Hospital.

A Ford spokesman said it was the first test track fatality in company history. He said both drivers were in standard model cars and were not engaged in speed tests.

The suspended fire captain Joseph J. Sosa, 45, of Floral Park, N.Y., is a 22-year veteran with two heroism awards.

Also suspended were: Martin Buchalter, 33, of Staten Island; Alfred W. Cordes, 35, and John J. McHugh, 27, both of the Bronx; and William Allen, 31, of Richmond Hill, Queens.

All five were accused of "conduct prejudicial to good order and discipline, conduct tending to bring reproach upon the department, and disorderly conduct."

An additional charge of "conduct unbecoming an officer" was filed against Sosa.

Traffic Toll 240

EAST LANSING (AP)—Traffic accidents have killed 240 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 166.

FORMER Astronaut John H. Glenn Jr., now seeking the Democratic nomination for U.S. Senator from Ohio, thoughtfully recalls his Feb. 20, 1962, orbital space flight in a press conference at Columbus. Glenn stayed away from politics at the conference, which was called because of the request for pictures and statements on his second anniversary of his space flight. (AP Wirephoto)

Defense Chief Not Answering Goldwater Digs

WASHINGTON (AP)—Secretary of Defense Robert S. McNamara is absorbing in silence Sen. Barry Goldwater's increasingly sharp slings and arrows.

McNamara is not counter-punching in public—and the defense secretary's associates indicate he's unlikely to do so.

McNamara is not normally a man to turn the other cheek, or avoid a scrap.

But he is said to feel that making any new public statements in reply to Goldwater would only give the Arizona Republican another peg on which to hang his attack.

There were those among McNamara's associates who reportedly advised against issuing a biting statement he put out on Jan. 9.

That statement came several hours after Goldwater said for the first time in his campaign for the GOP presidential nomination that U.S. missiles are not dependable.

The Pentagon chief was said to have felt that that was the time to challenge Goldwater's allegations—before they became time to challenge Goldwater's allegations—before they became accepted by the public.

McNamara called those Goldwater remarks, made at a new Hampshire news conference, "completely misleading, politically irresponsible and damaging to the national security."

Goldwater, a major general in the Air Force Reserve, has been volleying at McNamara ever since.

Some of those close to McNamara say it seems to them that Goldwater is running against the defense secretary; that the senator appears to say harsher things about McNamara than about his GOP rivals for the presidential nomination or about President Johnson.

Johnson said that "in our foreign policy today there is room neither for complacency nor for alarm."

Trouble Spots Named
And, after citing difficulties in Viet Nam, Cyprus, Panama and Cuba, he said:

"Larger than the troubles I have noted is the spreading civil war among Communists."

He did not elaborate on this statement.

Declaring that "there is no panic on our agenda," Johnson said that if the nation's adversaries offer deeds of peace, "our own response will be swift."

He said "our undeviating policy is to do all that strengthens the hope for peace." And he said "nothing will make us weary in these tasks."

Ticking off trouble spots one by one, Johnson first cited Viet Nam, then Cyprus where strife between Greeks and Turks

Johnson Gives His Views On Foreign Crises

LOS ANGELES (AP)—President Johnson, shaking a finger at Communist China, said today that outsiders supporting Communist guerrillas in South Viet Nam are "playing a deeply dangerous game."

At the same time, Johnson argued that communism's troubles around the globe actually are more acute than those facing the United States. He said U.S. problems are eclipsed by "the spreading civil war among Communists"—a reference to the policy gulf between the Soviet Union and Communist China.

The President gave his foreign policy views in an address prepared for an outdoor convocation at the University of California at Los Angeles, held to honor Johnson and visiting President Adolfo Lopez Mateos of Mexico.

Must Abolish Tension

This was the prelude to two days of Mexican-American good will talks at the desert resort of Palm Springs, 90 miles away.

Lopez Mateos, in remarks prepared for the campus ceremony, called on educators and scholars to help "abolish the cold war, wipe out the origins of international tension and to increase understanding among peoples and governments."

The Mexican leader said some may think it Utopian to "completely do away with the ominous atmosphere that already seems to be dissolving." But he contended that "it is realistic to consider such goals as being imminent."

Johnson reaffirmed American determination to support the independence of South Viet Nam. He described this as a 10-year-old commitment "we will continue of honor." But he said the Vietnamese war "is first and foremost a contest to be won by the government and people of that country for themselves."

The President did not name Communist China in his discussion of Viet Nam. But his meaning was clear in saying that "those engaged in external direction and supply of the guerrilla war" would do well to remember that this type of aggression is a deeply dangerous game.

Johnson said that "in our foreign policy today there is room neither for complacency nor for alarm."

And, after citing difficulties in Viet Nam, Cyprus, Panama and Cuba, he said:

House Approves Biggest Defense Fund In History

WASHINGTON (AP) — The House has approved the \$16.9-billion defense authorization bill, including \$92 million in research funds not asked by Secretary of Defense Robert S. McNamara.

Approval of the largest defense authorization in history came late Thursday on a 336-0 roll call vote.

The \$2 million is intended for research on a manned bomber and a manned interceptor plane.

The House Armed Services Committee had recommended the money on the advice of Gen. Curtis LeMay, Air Force chief of staff, although it had not been included in McNamara's requests.

Since it is an authorization bill, it really includes no money

at all. It simply sets the maximum limits for later appropriations by Congress.

And even if Congress later appropriates the \$92 million for research, there is nothing in the law that can force McNamara to spend it if he doesn't want to.

During the debate, Rep. Ca Vinson, D-Ga., chairman of the Armed Services Committee, told the House that the committee had put in the extra \$92 million on the advice of LeMay.

"I believe what General LeMay says," Vinson said, "and I think all of you believe him, too."

Rep. Samuel S. Stratton, D-N.Y., offered an amendment to strike out the \$92 million, but Vinson and his supporters easily defeated it.

Senate To Back Romney Budget

LANSING (AP)—With Senate Republicans agreed on supporting the general lines of Gov. George W. Romney's budget, the legislature held its first Friday session of 1964 today.

Senate majority leader Stanley Thayer, R-Ann Arbor, termed a Thursday luncheon meeting of GOP senators with Romney a "general communications success."

He said the luncheon produced "pretty good indications

of agreement" on the legislative program presented by Romney.

"We will attempt to follow the general lines of the governor's budget," said Thayer.

The Senate passed a House-approved measure calling for distinctively-colored drivers' licenses for minors—and used the occasion to play a joke on its sponsor.

Rep. John Toeppe, R-Cadillac, was sitting in the back of the chamber to watch his bill's progress. Before leaving, he suffered a few nervous moments.

No one voted for the bill on roll-call—and there was a scattering of "no's." But just as the Senate secretary was about to announce the tally, each senator who had been silent stood up to announce his affirmative vote.

The vote on passage was 26-1.

King Of Greece Critically Ill

ATHENS, Greece (AP)—King Paul of Greece underwent an emergency stomach operation today amid fears for his life.

Special editions of Athens newspapers described the 62-year-old monarch's condition as grave or critical.

The operation was performed at the Tatoi Palace, 26 miles north of Athens.

Members of the royal family were at the palace. They included Queen Frederika; Crown Prince Constantine, 23, who Thursday was named regent for his ailing father; Princess Sophie and her husband, Prince Juan Carlos of Spain, and the king's younger daughter, Princess Irene.

King Paul's illness was disclosed at midnight Wednesday in a medical bulletin which said he was suffering great pain from recurrence of an old ulcer.

The first announcement of the king's illness explained that it had been kept secret so as not to upset the populace during the election of a new Parliament last Sunday.

His recent visit was granted leave from a Texas mental institution. "He was pacing around outside the courtroom. His mannerisms were too unusual," a deputy said.

The fourth, a 70-year-old woman from Arizona, said she was an authority on the Cosa Nostra and wanted to testify.

Sheriff Bill Decker's office is trying to contact relatives of the four and send them home. He said commitment to a mental institution might be necessary if relatives can't be found.

"The Dallas County Records Building (where Ruby is being tried) has become a magnet for them," said special deputy Charles Player.

Dr. Robert E. Stoltz, head of the department of psychology at Southern Methodist University, commented that proceedings on the magnitude of the Ruby trial attract certain types of mentally unbalanced persons.

Missile Guided By Tiny Wires Hits Tank Target

CULVER CITY, Calif. (AP)—Details of a "slaved" anti-tank missile called TOW were disclosed Thursday by Hughes Aircraft Co., which is developing the infantry weapon for the Army.

The missile, carried on ground vehicles or helicopters, unreeled two hair-thin wires as it speeds through the air. The wires carry signals to correct its course and steer it to the target.

A Hughes spokesman said that in recent tests the missile hit within a foot of dead center on a tank-sized target more than a mile away.

Ready For Public

EAST LANSING (AP) — The new \$30,000 Abrams Planetarium will be dedicated at Michigan State University next Thursday. Named after Dr. Talbert Abrams of Lansing, who contributed \$250,000 toward its construction, the planetarium will begin public showings next month.

Four Picked Up At Ruby Trial

DALLAS, Tex. (AP) — Four persons have been taken into custody in connection with the Jack Ruby trial since it began Monday.

Authorities believe all four suffer from mental disturbances.

One had a loaded pistol. He came from Oregon.

Another told officers he had seen Ruby and Lee Harvey Oswald together many times. "I saw Ruby and Oswald cut a man in two," he told a sheriff's deputy. He's from Mississippi.

A third recently was granted leave from a Texas mental institution. "He was pacing around outside the courtroom. His mannerisms were too unusual," a deputy said.

The fourth, a 70-year-old woman from Arizona, said she was an authority on the Cosa Nostra and wanted to testify.

Sheriff Bill Decker's office is trying to contact relatives of the four and send them home. He said commitment to a mental institution might be necessary if relatives can't be found.

"The Dallas County Records Building (where Ruby is being tried) has become a magnet for them," said special deputy Charles Player.

Dr. Robert E. Stoltz, head of the department of psychology at Southern Methodist University, commented that proceedings on the magnitude of the Ruby trial attract certain types of mentally unbalanced persons.

Bride Selected For Prince Yoshi

TOKYO (AP) — The newspaper Asahi Shimbun reported today that Miss Hanako Tsugaru, 23, member of a noble family, has been selected as the prospective bride of Prince Yoshi.

They were brought together for a face-to-face meeting Thursday, the newspaper said, and agreed to become better acquainted.

Blind Boy, 10, Plays Piano For Lansing Legislators

LANSING (AP) — A carrot-topped little bundle of personality pounded the pianos of the House and Senate Thursday, and sang head-on music to set the legislative toes tapping.

He is 10-year-old Russell Allgaier of Kalamazoo, who never saw a piano or a note of music, and who can't even reach the piano pedals, he's so small.

He was the star performer when the Michigan School for the Blind sent its students on a tour of the legislature—and he took to his task with glee.

"I'm going to play 'Saturday Night,' now," he told the normally sedate Senate. "And maybe you'll think I'm as good as the Beatles."

With his fellow students filling the galleries, Russell ran

through his repertoire—popular songs, classics, boogie-woogie and anything a legislator wanted to shout out from the floor.

</

G. Washington Might Wonder About His Day

George Washington, who had a keen eye for the best interests of the nation's future and a strong mind about orderly procedures of government, would be a bit confused by the disorder accompanying the observance of his birthday anniversary.

Some offices are closed today and others are not, and some workers are working—but most of those employed by Uncle Sam have today off rather than Saturday, which is really Washington's birthday anniversary, according to the calendar.

George Washington

If this sounds a bit confusing, try this one: If a holiday falls on a non-work day, federal workers usually get the preceding day off. Saturday, being a non-work day, is not observed as a holiday by some federal workers, although that is the actual holiday. They are observing the day today because they do not have to work tomorrow.

Reduced Service

The Post Offices are open today across the land, but service will be reduced on Saturday, Washington's anniversary.

At Escanaba there will be no window service, delivery or mail on city or rural routes. Mail will be collected, received and dispatched on a holiday schedule. Workers will receive compensatory time for working on Saturday.

A telephone check of nine offices of federal agencies in Escanaba this morning brought no answer. Presumably they were closed in the observance of Washington's birthday on Friday, although it really falls on Saturday, when the offices would be closed anyway.

At two of the agency offices

Fire Damages Home In City

Fire that may have started by spontaneous combustion caused damages estimated at \$10,000 to the Dr. G. H. Bast office and residence building and contents at 1015 1st Ave. S. early today.

The family of Dr. Bast lives in the large dwelling, which also houses the offices of Drs. Louis and Harold Q. Groos. The structure is across the street from the City Hall fire station.

The fire was discovered by Mrs. Bast who roused the other members of the family. The call to the fire department was received at 4 a. m.

Firemen said the blaze started in the furnace room on a wall constructed of wood. They said the blaze may have been caused by the spontaneous ignition of a mop that was leaning there. An area above the furnace and from there leading upward behind the fireplace chimney to the second floor was badly damaged by flames, while there was smoke damage elsewhere.

Masks were worn by the firemen because of the fumes. Use of water was held to a minimum and the flames were halted at the second floor.

Customs Service Marks 175th Year In Ceremonies

Michigan's importance as a customs district lends significance to its celebration of the 175th anniversary of the Customs Service. Louis A. Mezzano, collector of customs for Michigan, says the Customs Service was the first administrative agency to be created under the U. S. Constitution, beginning operations on Aug. 1, 1789.

The financial stability of the government newly established under the constitution depended solely on customs revenues, which amounted to \$2.5 millions in the first year of operations and continued to provide the bulk of federal income for the next century and a quarter. National customs revenues now amount to more than \$1.5 billions a year, with the Michigan customs district collecting \$125 millions in 1963.

Since its founding in 1789, the Bureau of Customs has administered laws which regulate trade with foreign countries; protected and encouraged American agriculture, industry and labor; prohibited international traffic in narcotics and controlled the export of strategic materials.

A part of Customs' current program includes the encouragement of foreign travel to the United States, related to Michigan's interest in attracting tourists to the state.

The lion ant, known in the United States as the doodlebug, is said to be carnivorous, according to the Encyclopaedia Britannica.

CHINESE ROYALTY—Miss Josei Leong of Sacramento, Calif., won the crown of Miss Chinatown, U. S. A. for 1964 at the opening ceremonies in San Francisco ushering in the new year—Year of the Dragon, 4662 as the Chinese record it. Miss Leong is 5 feet, 7 inches tall and weighs 120. At left is Vivian Lee, Miss San Francisco Chinatown. At right is Miss Geraldine Au of Honolulu, named First Princess.

TV Cable Firms Protest Plan To Limit Selection

Upper Peninsula community television companies are opposing a proposal under consideration by the Federal Communications Commission which they say is a threat to their operations.

Delta TV Cable Co. of Escanaba, which serves Escanaba, Gladstone and Wells with cable TV, is one of the firms protesting the FCC proposal to limit television viewing selection.

Hearings will be conducted in Washington starting March 16 by the FCC, the agency of government which regulates television and radio broadcasting, on the proposal to prohibit a cable system within the Grade A contour of a television station from duplicating that station's programming. Delta TV Cable Co. falls in the Grade B area.

Would Require Monitor

In effect, said George Baldwin, general manager of Delta TV Cable Co., a program televised by the local station (WLUC-TV, Channel 6, Marquette) could not be shown via cable from another station either simultaneously or 15 days before or after the original program.

"Since the local station in the Upper Peninsula carries programs from all three television networks, this would affect all the channels now being received by the cable companies," said Baldwin. "It would necessitate placing a man as monitor in the cable operator's tower in order to effect a blackout of any program being shown on another channel, should the programming be the same as that of WLUC-TV."

"The proposal, if adopted, would automatically affect fringe areas, such as Delta County and the rest of the Upper Peninsula, but would have little impact, if any, on a metropolitan area which has several TV stations."

"The FCC has pointed out that the ruling would not affect cable companies unless the local station would claim protection under the proposed ruling. WLUC-TV has already claimed such protection in the Upper Peninsula."

"The effects of the non-duplication proposal to Delta TV Cable Co. would be to greatly curtail and hinder its growth and development of educational television. Plans were being made to add such services as WGN's TV programs from Chicago and Channel 9, Cadillac, Mich., a news and sports events station."

Baldwin said that the 18 community systems in the Upper Peninsula were all filing protests with the FCC and to Congressmen Neil Stabler, John Bennett and Victor Knox, and Senators Patrick McNamara and Philip Hart.

Baldwin urged persons interested in the issue to communicate with their congressmen and the FCC. William Henry, chairman of the FCC is at New York Office Building, Washington 25, but the deadline on protests for the March 16 hearing is Feb. 24.

The Upper Peninsula cities with community TV antenna systems are: Sault Ste. Marie, Kincheloe Air Force Base, K. I. Sawyer Air Force Base, Marquette, Munising, Marquette-Ishpeming-Negaunee, L'Anse, Houghton-Hancock, Calumet-Lake Linden-Hubbell, Ontonagon, Ironwood-Hurley, Iron River, Caspian, Stambaugh, Crystal Falls, Iron Mountain-Kingsford, Escanaba-Gladstone-Wells, Norway, Iron Mountain-Co-op North Side TV.

National Merit Test Scheduled For 65 At EHS

Sixty-five students at Escanaba Area Public High School plan to take the 1964 National Merit Scholarship Qualifying Test, Fritz Cerasoli and William Suriano, counselors announced today.

The test will be administered at the school at 9 a. m. Tuesday, March 10. All students who wish to be considered for Merit Scholarships to be awarded in 1965 will take the test at that time.

The qualifying test is a three-hour examination of educational development. The test is the first step in the tenth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corp. and by sponsoring corporations, foundations, colleges, associations, unions, trusts, and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1963, 1528 Merit Scholarships were awarded; 951 were provided by 179 sponsors and 577 by the Merit Corporation. There are 4118 Merit Scholars attending 425 colleges in the current academic year.

India And Korea Get Truck Cranes Made In Escanaba

Orders for \$49,338 worth of equipment sold in India and South Korea through United States foreign aid financing have been placed with the Harnischfeger Corp. plant at Escanaba, the Agency for International Development reported today.

Production included a truck crane purchased by a firm in India and other equipment sold to a Korean company. The Indian order was financed under a U. S. development loan covering procurement of needed commodities from the United States. The Korean purchase was made under a loan to assist construction and equipping of a cement plant.

Exports of this type result from AID policies directing most overseas aid expenditures to the American economy. In commodity purchases alone \$54 million dollars was spent in the United States during Fiscal 1963.

Tech Research On Surplus Wood Is Asked Of State

HOUGHTON — The Michigan House of Representatives has passed an appropriation resolution allocating \$32,400 to Michigan Tech for an economic expansion project to be undertaken by the Institute of Wood Research.

Rep. Russell Hellman of Dollar Bay, a member of the House Committee on Michigan Economic Expansion, has reported the measure has gone to the Senate for approval. Action there is expected shortly.

The proposal calls for a study of the technical and economic aspects of pulping surplus Upper Peninsula wood resources. This proposal was one of many submitted by State colleges and universities as a result of a \$750,000 appropriation by the Legislature to be used for projects designed to stimulate the Michigan economy.

Suomi Given \$450,000 Loan

President Ralph Jalkanen of Suomi College at Hancock announces that the college's board of directors has obtained a \$450,000 loan from the Federal Housing and Home Finance Agency to construct a student union-residence hall on the Hancock campus. Warren Holmes Inc., of Lansing has been engaged as architects.

Jalkanen announced that the two-wing structure's total cost will exceed \$550,000. The new complex designed to accommodate 100 men and women will be constructed West of Nikander Hall.

In addition to dormitory facilities, the building will also contain a dining room, cafeteria and a student union composed of a lounge and a recreation area. The building is designed to be in harmony with the other buildings on the campus to fit compatibly in the local terrain. Scheduled for completion in 1965, the new building has not yet been named.

The student union residence hall will be the largest structure on the Suomi College campus. Unique in modern campus facilities, the building is designed with living units on each side of the central area which will house dining and recreational facilities as well as living quarters for the resident supervisor. The new dormitory will more than double the present campus facilities for men and women. Upon its completion the capacity for residents at the college will be expanded to 163.

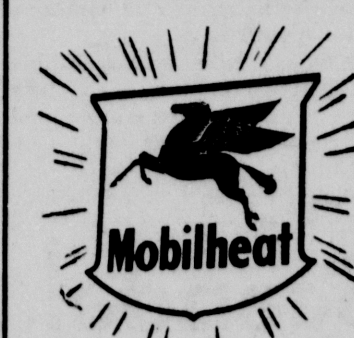

At present, Old Main and the Burritt and Robinson houses accommodate 68 students. While many students commute, the others in attendance now at the college live in approved private homes and commercial rental units. The new structure represents the first large addition to the 22-acre campus of Suomi College.

Calves Immune

LANSING (AP) — A record number of calves were vaccinated in Michigan last year against brucellosis — a highly contagious disease that has cost Michigan cattle owners millions of dollars. Dr. J. F. Quinn, state veterinarian reported 136,627 calves were vaccinated in 1963 — a 23 per cent increase over the 1962 record high.

Money From Maples

Among the needs of the Upper Peninsula, is more cash income. No area is averse to it, but we specially need it because job opportunities have lagged here as our industries have been mechanized. Many things have been suggested to the Upper Peninsula as potential income makers, but they haven't been adopted in a big way. There was always some reason for not venturing; the U.P. was too distant from markets, or lacking in some facility, skill or material. Actually, the human factor seems to have been as strong an influence as economics in many of the decisions not to invest or venture. This old practice of waiting for someone to bring us industrial salvation instead of scratching some up ourselves makes a meeting at Powers-Spalding this week specially meaningful.

It attracted 80 persons and not many of them were Extension agents, although the gathering was sponsored by Michigan State University's Extension Service. (It is such a commonplace for the government's teachers up here to outnumber the students that Alger County Agent John Compagna remarked happily "There are a lot more Indians than chiefs today!") The meeting was called to bring to Upper Peninsula owners of hardwood timberlands the current information on profits in maple syrup making. The Upper Peninsula has always made maple syrup. The Indians made it here before the white men came; it was their chief source of sweets, being more abundant and accessible than honey. But the present maple syrup industry in the Peninsula, although a significant source of rural income, is such a tiny part of the Peninsula's huge potential—as measured by its sugar maple trees—that it is only a scratch on the surface of a big treasure chest, according to MSU's forestry experts. They cited that one operator made as much from syrup in his sugar bush in two years as he could have sold the trees for as sawlogs.

There are impressive new dimensions in the maple sap business that are not evident yet in the Upper Peninsula. There are now bacterial controls for taps, so that the tree flows sap longer and more bountifully and without the molds that have plagued the business, halting the flow and spoiling the product. Boring of tap holes with portable electric or gas engine drills, movement of sap by plastic tubing, efficient manufacture in covered, oil-fired evaporators, and especially the marketing of maple products in novel and alluring ways have given the industry a new complexion. As in so many other things the little operator's role is changing. He isn't operating from stump to chump any more, but is apt to be hauling his sap to a central evaporator where it's metered and analyzed for sugar content and bought for cash. He's apt to make as much doing this as he would by boiling the sap himself and marketing the syrup.

The sugar house that he sells it to gets a lot more than the \$6 a gallon which U.P. syrup boilers average for their production, delivered. By whipping it up into maple cream it gets \$12 a gallon and by making it into maple sugar patties, maple candies or other products it does better than that. When it goes to market in miniatures and jugs, gag "whisky" bottles and other such novelties it brings as much as \$50 a gallon. Much of it is sold through sugar houses which tourists like. They would be specially apropos in the Upper Peninsula because they'd be selling a product authentically native. It's the kind of thing that visitors associate with the North and Upper Peninsula syrup from the area's 3,000,000 acres of hardwood sugarbushes would provide them with a conversation piece and with something to take home. And besides, said the MSU specialists, U.P. syrup is better than that to be found in New England.

Most of the maple syrup that we eat on our American pancakes comes from Canada. The U.P. can supply as good a product or better in huge volume and there's a ready market for all of it, which is a sort of miracle in modern industry, whose chief problem is sales.

In the spring a young man's fancy may turn to thoughts of love, poetically, but if it turns to thoughts of syrup making he'll be in a better position to marry. Lynn Reynolds of Aniwa, Wis., largest handler of maple syrup in the world, said that tap holes average \$1 a tree. The U.P. should adopt a paraphrase of the old rhyme:

Woodman spare that tree, Touch not a single bough; I used to be a logger, But I'm a tapper now.

The Doctor Says: Alum Stick Heals Cankers

By Dr. Wayne G. Brandstadt, M.D. Since writing about the treatment for canker sores, several readers have written in to remind me of a time-honored remedy that I have used myself in the past — touching the sore three or four times a day with a styptic stick of alum. Alum is an astringent and is well worth trying until something better is discovered. Tincture of thimerosal (Merthiolate) will also give relief. A dentist writes that his preference is ammoniacal silver nitrate, ampules of which are available at dental supply houses. He finds it very effective but I would hesitate to recommend it for home use. Better let your doctor apply it when needed.

Q — Is it safe for a person with a low blood count, hip or spine injury, diabetes, vitamin deficiency or sinus trouble to take the Sabin oral poliomyelitis vaccine? A — Yes. You should get this protection even if you have already had the Salk vaccine.

Q — What are the symptoms and how do you get rid of a tapeworm? How could I have got them to begin with? I don't know whether I have them but leg.

Can Spring Be Far Behind?

Washington Comment

By BRUCE BLOSSAT WASHINGTON — (NEA) — President Lyndon Johnson's way with the printed word is something you still can't find agreement on even after a quarter of a year in office. There are those among his aides and friends who insist he is more a listener than a reader. Yet some who deal with him most say he prefers to see things in writing, and will plow through an incredible amount of written material. One who puts the President in the second category nevertheless adds that he has "less idle intellectual curiosity and does less reading for his own sake" than the late John F. Kennedy.

Comments of this order feed the notion that Johnson reads hard and long on those matters of importance which come before him—and stops right there. This seems to be the way his mind works. Says an associate: "The moment a problem is past, all the President's brain cells zero in on the next one, with almost frightening intensity." This stress on his being an "action reader" annoys one friend, however, who sees in it the converse idea that he is "not an intellectual."

But Johnson himself evidently has fretted at times over where he stands in the scale of things. A man who can look back on nearly two decades of association with him says that when he moved from the House to the Senate 15 years ago, he wondered how — with his teacher college background — he would fit in with colleagues who regularly spouted from the classics. "After about four months," says this man, "the President found that he was just about as classical as he needed to be."

If he is not full master of the classics, neither—obviously—is he simply a dogged reader of staff memoranda and official documents. Aide George Reedy says Johnson has read just about every known work that has anything to do with Texas history and politics, including the lives of such heroes as Sam Houston and Stephen Austin, one of the Texas republic's chief founders.

Other Johnson heroes are Andrew Jackson and Daniel Webster. He enjoys American biography and history, and devours any book he can find on current politics. In the foreign

field, a favorite of his is British Writer Barbara Ward. Johnson also consumes newspapers in staggering volume, starting at 6:30 or so in the morning. Those who thought they would never see another fine-tooth-comb newspaper reader like Kennedy have had to think again. One of the White House staff says "The new President not only reads every newspaper he can get his hands on. He reads every edition!" Johnson has already demonstrated, too, that he is at least as sensitive as was Kennedy to criticism or erroneous accounts of his activities which he finds in those papers.

A few aides think that, if anything, the President is cramming hard in his new job — reads too much heavy, official stuff. They suggest he palm some of it off on them. They'd like nothing better than to hear that the improbable Ian Fleming, British spy story writer enjoyed by Kennedy, had been installed again at the presidential bedside as a change of pace.

Among the several species of duck-like birds commonly called "Heldivers" is the grebe. These birds always seem plentiful in the fall when hunters are out looking for bigger and better waterfowl to shoot at. For all practical purposes, the grebe has no tail to use as a stabilizer and rudder when flying. So, according to birdwatchers, the grebe extends his feet backward during flight, using them as other birds use a tail, an example of useful instinctive adaptation, a biologist would say. Like the grebe, man also adapts. When all his back teeth are lost, he shifts the chewing load to his front teeth. Certainly this is not a useless adaptive pattern, but it is a harmful one if continued over a period of time. Front teeth are not meant for heavy chewing. Overloading causes them to wear away sooner. In some persons the bone recedes quickly under overloaded teeth. They become loose and "migrate" or shift around in the jaw. They may slowly "buck out," changing the facial appearance somewhat. Perhaps as important as chewing are other services performed by back teeth. They act as stops for the back part of the jaw, preventing the strong jaw muscles from ramming the upper end of the jawbone into its "socket."

Although the percentage is small, some cases of jaw-joint pain have been attributed to lack of back teeth. In some cases, insertion of dentures or partial dentures have been said to relieve ear disturbances, such as dizziness, are buzzing and "ear pops" due to pressure differences acting on the ear drum. So don't run around for years without back teeth. For best results, maintain your natural teeth and gums as long as possible. Replace lost back teeth with partial dentures or bridges. Your front teeth may have much more "mileage" left in them than you suspect.

Memory Lane

By JAMES R. LOWELL Ten Years Ago Lynn Bergman of Escanaba and Nick Babladelis of Manistique are members of the Michigan State College debate squad and on March 17 will participate in a debate with a team from Bombay, India, which is making a tour of the country at the present time. The other member of the Michigan State team to participate is Mary Conine, of Traverse City.

Thornton Wilder's play, "Our Town," will be presented by local talent at Manistique under sponsorship of the Manistique Women's Club, at a date yet to be announced. The cast is made up by club members although a number of the roles are male. In the cast are Mrs. Leroy Wilson, Mrs. E. J. Doyle, Mrs. E. LaBrasseur, Mrs. Richard Rorick, Mrs. L. Bouschor, Mrs. A. Thorp, Mrs. W. Hood, Mrs. B. Fagan, Mrs. C. Siddall, Mrs. E. Johnson, Mrs. P. Larson, Mrs. C. Smits and Mrs. J. Paull. Theodore P. Croasdel, son of Mrs. Anna Copely, 1122 16th St., Escanaba, has been promoted to the rank of captain in the Marines where he is serving as assistant officer in charge of the Marine base at Camp Lejeune, N. C.

Twenty Years Ago Supervisors, in regular session here today, debated whether the board should ask the Marquette County Board to permit the annexation of Evin Township to Delta County.

Paul Hupp, Gladstone relator, has offered land in Gladstone to be used as the site for the proposed new veterans' hospital. Planes and bloodhounds are being used in the Manistique area in an effort to find Billy Dunne, 14-year-old youth who has been missing four days.

Thirty Years Ago Norman Legault, 5, son of Lawrence Legault of Gladstone suffered a broken leg when hit by a car yesterday. The driver of the car did not stop and his identity is not as yet known.

George E. Harvey, manager of the state automobile license office here, announces that the office is changing its location from the Wolverine Garage to the Escanaba Motor Co., building. He also states that the sale of half-price sticker permits will begin the first of the month.

C. J. Sawyer and Earl Taylor are leaving shortly for Peoria to compete in the American Bowling Congress tournament which opens in that Illinois city in a few days.

BARBS

By HAL COCHRAN Maybe teen-agers would be more satisfied to stay home at night if they had grownups to talk to.

Take what's coming to you, but not to somebody else. A man got a prison term for stealing from private mail boxes.

When you watch the birds peck at the food you have thrown out for them it's a peck of pleasure.

Don't speed on slippery roads and you'll stop one type of rocking and rolling—overl-

Questions And Answers

Q—What fish builds a nest the way a bird does? A—The fourspine stickleback. With the aid of a sticky secretion, the male weaves stalks and bits of plants together until a small, cupshaped basket is formed. After the eggs are laid, he roofs it over.

Q—Who were called the "Cockney Poets"? A—Leigh Hunt, Shelley, and Keats.

Q—Can the Bird of Paradise raise its plumage as the peacock can? A—These beautiful plumes are raised at will by the males, during the courting season.

Q—Who presides over the Senate when it sits as a court of impeachment? A—The Constitution requires that the chief justice of the United States shall preside at impeachment proceedings against a president. In all other cases, the presiding officer of the Senate presides.

Q—Who presides over the Senate when it sits as a court of impeachment? A—The Constitution requires that the chief justice of the United States shall preside at impeachment proceedings against a president. In all other cases, the presiding officer of the Senate presides.

Have You Been Fooled Too?

First Robin Of Spring Is All Winter Resident

By LEE SMITS The mystery of migration has puzzled naturalists from away back. Why do many species of birds fly hundreds of miles, twice a year, between nesting grounds and wintering grounds? How do they find their way, sometimes across wide expanses of ocean?

Just as mysterious is non-migration; some birds staying behind when the majority of their species wing southward. Striking examples of non-migration are shown in the report of the annual winter bird census of the Michigan Audubon Society. The census is part of a nationwide program. Members of the Detroit Audubon Society, 51 of them, hiked through Oakland County townships, sighting a total of close to 12,000 birds, representing 48 species.

L. C. Munn, of Michigan Consolidated Gas Co., accompanied

Castro Linked To Uprisings

WASHINGTON (AP)—In the news from Washington: OAS - CUBA: The Organization of American States meets Monday to hear an inter-American commission's findings that Cuba tried to overthrow the Venezuelan government with propaganda, arms and terror.

According to an informed source the commission found that Prime Minister Fidel Castro's regime: Beamed broadcasts from Radio Havana seeking to discredit the government of President Romulo Betancourt and urged Venezuelans to subversive activities. Supplies funds for subversive actions. Trained Venezuelans for terrorist and guerrilla activities. Smuggled four tons of arms into Venezuela.

Drafted a plan for taking over Caracas, the capital, through an uprising.

DE GAULLE'S PLAN: Senate Democratic Leader Mike Mansfield told his colleagues Wednesday that French President Charles de Gaulle's proposals for a neutralization of Viet Nam "ought not to be dismissed out of hand."

Mansfield said that although he considered France's recognition of Red China to be a "tragic mistake" he felt De Gaulle demonstrated "a sense of history and statesmanship in seeking new ways for dealing with the continuing instability which prevails in Viet Nam and much of Southeast Asia."

Expressing support for Secretary of Defense Robert S. McNamara's hope for a major withdrawal of American forces from South Viet Nam by 1965, Mansfield declared:

"We have teetered for too long on the brink of turning the war in Viet Nam, which is still a Vietnamese war, into an American war to be paid for primarily with American lives. "There is no national interest at this time which would appear to justify this conversion."

BIOSATELLITE: The United States intends to pack fruit flies, wasps, frog eggs, bread mold and other organisms into a spacecraft and rocket the whole shebang into orbit for three days late next year.

The National Aeronautics and Space Administration (NASA) said Wednesday it would be first of six such biosatellite launchings aimed at learning more about the total effects of radiation, weightlessness and the absence of the earth's rotation.

Ann Landers Her Technique Is All Wrong

Dear Ann Landers: I have a good friend who makes out a questionnaire and hands it to every male who asks her for a date. If he refuses to fill it out, she refuses to go with him. The test consists of 30 questions ranging from religious beliefs (Number One), to "Do you feel a husband should help his wife with the dishes if she holds a fulltime job?" (Number 11.)

At first when I heard she did this, I didn't believe it so I asked her. She replied, "I am 23 years old and every man I go out with is a potential husband. I'm not going to waste my time on someone I couldn't possibly marry."

Can you imagine turning thumbs down on a man because he likes to read in bed or because he'd rather play cards or go bowling with the

boys than go somewhere with his wife?

The questionnaire seems nuts to me but this girl has plenty of dates. Please comment.—OMAHA

Dear Omaha: The questionnaire idea is not only appalling but self-defeating. I don't know what this girl's got that makes her so dateable but if she's seriously hunting for a husband, she's doing it all wrong.

Her research technique would make most males as nervous as a long-tailed cat in a room full of rocking chairs.

Write to me in three years and let me know if she's still single—and handing out questionnaires. I'll bet she is.

Dear Ann Landers: This year I became acquainted with an exchange student from another country. When I asked her to give me her impressions of America I was shook by what she said. She thoughtfully told me, "You Americans have the highest standard of living in the world. You lead the way in a good many areas, but your young people show their parents less respect than in any country I have ever visited."

I resented her remarks, but later that week I saw a classic demonstration of what she was talking about.

At a family dinner my 16-year-old cousin told her mother to shut up because she didn't know what she was talking about. This girl's brother (age 19) informed his father that he "had holes in his head," then turned to his grandfather and allowed as how he was "cuckoo too."

Do you have any comments to make on this sort of thing? What is wrong with American teen-agers that they are the most poorly behaved in the world?—ASHAMED

Dear Ashamed: It is unfair to lump all American teen-agers together and describe them as mouthy and disrespectful. Most teen-agers do not tromp on their parents and kick them around verbally—simply because most parents would not permit it.

The 16-year-old girl who told her mother to shut up had been talking that way for quite some time. Ditto the boy who spoke insultingly to his father and grandfather.

Show me an ill-mannered, disrespectful child and I will show you a set of parents who have failed to do their job.

Confidential to THE FLESH IS WEAK: You present a good case but I am unconvinced. Tack this little four-liner by M. McLaughlin in your hat band and look at it in six months: "I tell you this, and I tell you plain: What you have done, you will do again; You will bite your tongue, careful or not, Upon the already bitten spot."

Ann Landers' frank and informative new book, "Teen-Agers and Sex" (\$2.95), is now available at your book store. 'Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Spacemen On Skis

ASPEN, Colo. (AP) — Three U.S. astronauts will spend the next five days going down instead of up. Leroy Gordon Cooper Jr., Malcolm Scott Carpenter, Virgil I. Grisson and their wives arrived in Aspen Wednesday for five days of skiing.

Beef Breeders Split Area Into Three Districts

Bay de Noc Beef Producers Association re-elected its officers at its annual meeting Thursday night in the Rapid River School and divided its big area into three districts and named two directors to represent each, plus three at large.

The by-laws were changed to authorize nine directors instead of the previous seven to permit better representation from all the area served by the growing organization.

It sponsors the annual sale of feeder calves in Delta County each October. The sale has grown from 600 animals six years ago to 1,584 sold at the October, 1963 sale at the Escanaba auction yard. The sale has outgrown the facilities of the Escanaba auction yard directors of the Bay de Noc Beef Producers are considering creation of a sales facility of their own.

It was discussed again last night but no action was taken because of need for more information.

William Finley, Michigan State University livestock specialist, told the beef cattle breeders that Michigan and the Upper Peninsula have a big potential for beef industry expansion as the state does not now produce more than half the amount of beef it consumes.

The Upper Peninsula has hay and grasslands to support this industry, said Finley and can support a larger production of beef calves to be sold to feed lots in the corn growing area. Some finishing of beef cattle is done in this area by beef farmers who bring corn in on a backhaul from Wisconsin trips with beef animals, but this is not a large volume business compared with the production of feeder calves to be sold to feed lot owners to the south.

The re-elected officers were William Jaeger, Watson, president; Dick Johnston, Ensign, vice president; Roy Dalgord, Garden, secretary-treasurer.

The directors are: Marquette-Alger; Jaeger and Al Hebert; Delta-Schoolcraft - Menominee; Roy Dalgord, Martin Witte; Mackinac - Chippewa - Luce; Mack Macaulay and William Thorley; at large: Reinhold Bitter of Delta, Johnston and Walter Mannie of Rock.

Delta Debaters At NMU Contest

MARQUETTE — More than 170 students representing 22 schools are expected to compete for top honors at the annual Upper Peninsula High School Debate Championships to be held at Northern Michigan University Friday and Saturday.

Open to the public, the contest will begin at 3 p.m. Friday and will end Saturday noon. Preliminary competition, consisting of 45 rounds of debate, also will take place Friday evening.

Finals are scheduled for 10:30 Saturday morning. Students representing Class A and B schools (with enrollment of more than 400) will compete in the television studios of WNMN-TV, where the championship round will be videotaped for future showing. Debaters from Class C and D schools will compete in the Little Theater of the new Fine and Practical Arts Building.

For the first time, U.P. winners will compete in the state championships to be held in Ann Arbor this spring.

Students attending from this area are: Paula Gardipee, Rita Krusell, Ann Worth, Mary Joy Williams, Colleen Dally and Kathy Frederick, Holy Name High School, with Richard Lafave as moderator; Charles Bonamer, Marietta Carlson, Rosalie Breaud, Fred Gravelle, Blaine Dickson, Lawrence Blahnik and Charles Londo, Escanaba Area Public High School, Robert Vadnais, debate coach; and from Gladstone Sue Phillips, James Wedell, Alden Bjorklund, Steve Cowen and reservists Mark Phillips, Peter Albrecht and Joe Maniaci. James Boman is Gladstone debate moderator.

Marinette Offers Business Math

MARINETTE — "Mathematical Foundations of Business Decisions," a course in these newer mathematical concepts and how they affect business, will be offered in six meetings to Marinette area businessmen and women as part of the Northeastern Wisconsin programs in business administration of the University of Wisconsin Extension Division. The two-hour sessions of Thursday evenings will begin April 9, at the UW-Marquette Center.

Focus will be on providing basic familiarity with some of the mathematical techniques employed in operations research, statistical decision theory, and economic theory. Classes will be conducted by Howard E. Thompson of the UW School of Commerce.

New City Offers Manager \$15,000

PORTAGE (AP) — Mayor Bernard Mein of this new city of 27,642 has offered the \$15,000-a-year job of city manager to Paul A. Flynn, 40, manager and treasurer of Pennsylvania's Upper Merion Township. City Council confirmation, expected next Tuesday, is necessary. Portage, which adjoins Kalamazoo, became a city last Dec. 31.

OVERCOME HERNIA or RUPTURE

It's really unnecessary to suffer from rupture when OUR SERVICE can give you fast permanent relief—and do so at reasonable costs. Hundreds of clients report no trace of former RUPTURE. We offer a new design without straps, buckles and bands to bind and chafe. We guarantee control, comfort and satisfaction by written agreement.

If you want to return to work worry-free—live normally—be relieved of tiring mental and physical strain caused by rupture—then see OUR SERVICE! Free consultation does not obligate you.

E. J. MURRAY WILL BE AT
Sherman Hotel, Escanaba
Tuesday, Feb. 25th, Hours: 1 P.M. to 8 P.M.

MURRAY RUPTURE SERVICE
26 Years of Service in This City Box 523, Appleton, Wis.

MARILYN Lalich, daughter of Mr. and Mrs. Michael Lalich of Gladstone, ranked first among the students of Holy Name High School who participated in the seventh annual Michigan mathematics prize competition. Marilyn has been an honor student all through her years in high school and is president of the Math Club. Last summer she attended the sixth annual Pre-College Science Institute at Northern Michigan University. Following graduation, she plans to attend Mount Mary College and major in mathematics with the intention of becoming a teacher.

Playday Event Set Saturday

The 16th annual Grade School Playday will be held Saturday, starting at 1:30, with boys and girls from the fourth, fifth and sixth grades of the public and parochial schools in the city competing.

The Playday, sponsored by the city recreation department, is expected to draw a field of 250 youngsters, competing for their respective schools. Ribbons are awarded to first, second, third and fourth place finishers and high point winners in each grade receive emblems.

St. Patrick's School won the 1963 Playday with 77 points. Following St. Patrick's was Lemmer School with 43 points, Webster 42, St. Joseph's 40, St. Anne's 24, Franklin 13, Jefferson with 4 and Washington School with 3 points.

This year boys and girls who attended Franklin School last year and are now enrolled in other schools will skate for the Franklin School.

Races will consist of the 110 yard dash, 220 yard dash and the 440 yard dash for youngsters in the three grades.

Richard Olson of St. Patrick's and Jim Korntved of Webster Schools were the outstanding boy skaters last year with three first places each. Gail Lauscher of Lemmer School was the outstanding girl skater last year, winning three first places. Esther Malloy won two first places and a second place ribbon skating for St. Patrick's. Annie Cole also skating for St. Patrick's won two first place and a second place ribbon. Sally Dufour of Lemmer School and Priscilla Rosemurgy of Franklin were high point winners with 13 points each. Other high point winners were: Rickey Brookes of Lemmer, Robert Stone, Dennis Eastman of Webster, Janis Pepin, Gary Johnston, Robert Tebar of St. Joseph's and David DeSalvo and Mark Mayville of St. Anne's. Gail Lancour of Washington and Robert Feller of Jefferson School also were winners of high point emblems.

Aid To Ethiopia Denied By U.S.

CAIRO (AP) — The United States has denied a report it made an emergency airlift of military equipment to aid Ethiopia in its border clashes with Somalia.

An informed source in Cairo said Wednesday night at least three U.S. transports flew arms and ammunition to Ethiopia from American stocks in West Germany after receiving an urgent request from Emperor Haile Selassie's government. State department officials in Washington said they knew nothing about any weapons airlift to Ethiopia.

Street, Alley Paving Okayed

Petitions for the paving of streets and alleys, and for a sanitary sewer extension, were received by the Escanaba City Council last night and referred to the engineering department for the preparation of cost estimates.

After the estimates are received the city will then schedule hearing on assessments for the projects. The cost of the work is allocated to the property owners.

The sanitary sewer extension is east of Willow Creek Road and from 8th Ave. S. to 700 feet south of 14th Ave. S.

The street paving is for a number of blocks to be improved with curb, drainage and blacktop, and some with grading and graveling, and one with curb and blacktop, as desired by the petitioners.

Alleys to be paved include several blocks for which petitions have been on file with the city previously, and the additional project between N. 16th St. and Stephenson Ave. from 2nd to 3rd St. N., for which a petition was received by the Council last night.

Mayor Harold Vanlerberghe presided at the meeting at which City Manager George Harvey and Clerk Don Guindon reported that the reorganization of the voting precincts will be completed in time for the April 6 election. All affected voters will be notified by mail. The city ordinance revising the precincts was adopted by the Council.

The Council also granted a request by Howard Berger to vacate a portion of 13th Ave. S. which is a dead end street between S. 15th St. and the Escanaba Country Club.

License Buyers Forget Titles

The pace of auto and truck license applications is stepping up in Delta County as the midnight, Saturday, Feb. 29 deadline nears, but there are still thousands to be supplied.

Escanaba plate agent Claude Tobin reminded persons coming to the local office of the secretary of state at 615 Ludington St. to bring their auto titles with them, and in the case of trucks the title plus last year's registration or a weight slip.

The sale of licenses is ahead of last year at this time, said Tobin. The Escanaba plate office will be open daily except Sundays from 8 to 5 until the deadline, and the Gladstone office in DeRocock's Sporting Goods Store from 8:30 to 5:30.

Art Teachers' Work Exhibited At NMU Gallery

MARQUETTE — The first Northern Michigan University gallery showing of paintings by members of the Upper Peninsula Art Teachers' Association is now being held.

The exhibit, which includes the works of seven of the association's members, began Feb. 19 and will hang until March 15.

The public is invited to view the exhibit in the gallery of the Fine and Practical Arts Building. The NMU gallery is between the central section of the building and the industrial arts wing.

The exhibit includes 23 watercolors and oils by the following association members: Brooke Bulovski, Menominee Junior High School; William Edwards, Marquette, John D. Pierce Laboratory School; John Gustafson, Escanaba Senior High School; Richard Jones, Menominee Senior High School; Anita Meyland, Marquette, honorary and coordinating members; Tyne Ostlund Ishpeming Senior High School; and Ruth Warner, Sault Ste. Marie Senior High School.

Special Weeks

LANSING (AP)—Better mark these on your calendar while you think of it:

Feb. 23-29 is Army Nurse Corps Recruiting Week and Salesmen's Week in Michigan, and May 3-10 is Music Week, by proclamation of Gov. George Romney.

New Era Opened By Glenn Orbit

CAPE KENNEDY, Fla. (AP)—Two years ago Thursday, astronaut John H. Glenn Jr., became the first American to orbit the earth. He proved man could function effectively in space and opened the gateway to the moon.

The fruits of his mission are evident at Cape Kennedy, where preparations are underway for the first trial launchings in the Gemini and Apollo man-in-space programs.

Glenn wanted to participate in Gemini and Apollo. But at 42 he became an old man in his field. Last month he resigned from the space program to seek a U.S. Senate seat in Ohio, his home state.

Glenn would have been young enough for the two-man Gemini flights, but many in the program believed that, as a national hero, he should not risk his life again. In 1969, goal for the first Apollo man-to-the-moon flight, Glenn would be 47. Officials say younger men will make the journey.

Astronauts M. Scott Carpen-

ter, Walter M. Schirra and L. Gordon Cooper Jr., followed Glenn into orbit on flights of 3, 6 and 22 orbits, respectively. Cooper's flight last May ended Project Mercury.

An Air Force cargo plane Wednesday delivered a section of the first model of the Apollo ship to Cape Kennedy. It is the Command Module, the area in which three astronauts will ride to the moon on operational missions.

Also arriving Wednesday was the first stage of a Saturn I superrocket, forerunner of the Apollo booster. The second stage and the prototype Apollo craft will be wedded to it for a flight scheduled in May to check aerodynamic and structural capabilities of the rocket-spacecraft combination.

Several such unmanned tests are planned before the first manned Apollo flight.

The Appalachian Mountain system extends from New Brunswick, in Canada, southward to central Alabama.

Woman Shoots At Wrong Man

DALLAS (AP)—A distraught divorcee took a wild shot in the busy Dallas air terminal Wednesday at a man she mistook, by her later account, for radio executive Gordon McLendon.

The bullet, fired from 15 feet at W. W. Dyer, 48, of Dallas, lodged in a small handbag carried by D. A. Peterson of Park Ridge, Ill. Both men were walking to board a 4:45 p.m. flight to Chicago.

Dyer's wife shoved the woman, Mrs. Elizabeth Stone, 47, to the floor, police said, as she tried to shoot again and the weapon jammed. An airline employee wrestled the 32-caliber automatic pistol from Mrs. Stone.

McLendon, a candidate for U.S. senator in Texas' Democratic primary May 6, described the incident as an obvious attempt to assassinate him. He said he would ask Atty. Gen. Robert F. Kennedy to order an FBI investigation.

City Detective Frank Mote said Mrs. Stone told him she

had been upset since a hidden rifleman killed President Kennedy here Nov. 22.

She intended to kill McLendon, questioners quoted her as saying, because "he is a Communist and fools around with Cosa Nostra."

Mrs. Stone, who moved here recently from neighboring Fort Worth, bought the pistol last week in a Fort Worth department store, police related. She said she had never seen McLendon.

As the shot was fired in busy Love Field Terminal, McLendon was visiting at the home of a friend.

Scarlet Fever Closes School

TECUMSEH (AP)—The suburban Ridgeway elementary school was closed Wednesday following a sharp increase in cases of scarlet fever. School officials said 25 students were sent home with possible scarlet fever. The school will remain closed until Feb. 26 pending investigation. The closing was requested by County Health Director Eleanor Skufis.

Pakistan is the largest Moslem nation in the world.

Common Market In Making For U.S. And Canada

TORONTO (AP)—Lynn A. Townsend, president of Chrysler Corp., said Thursday a common market between the United States and Canada is in the making.

"We are going to be forced by elementary business logic to act in line with what we can recognize — that our two countries form a natural market of magnificent size and proportion, a market that should not be broken in two by artificial political barriers," Townsend said.

The Chrysler president aired his views in a speech at a luncheon meeting of the Empire Club of Canada.

Initially, he said, the new concept will probably be limited to trade between the two countries, but as other countries in the hemisphere become strong enough to trade on freer terms, the scope of the tariff-free area may expand.

The Chrysler president said, "I am not arguing for absolute free trade or the immediate wiping out of the tariffs between our two countries. That may come in the course of time."

Bill Introduced On Milk Pricing

LANSING (AP)—A milk-pricing bill — identical to proposals in years past — was introduced Wednesday in the House. The bill, sponsored by Rep. Andrew Cobb, R-Elmhurst, would set minimum prices for milk at retail.

It would protect stores and independent dairy retailers from "unfair competition" by stores which sell milk below cost as a "loss leader" to induce other sales.

A similar bill was passed by the legislature in 1961 but vetoed by former Gov. John Swainson. In 1963, Cobb introduced a milk-pricing bill but it died in a House committee. Gov. George W. Romney did not take a position on the bill.

Several other bills with controversial parts were introduced Wednesday in the House.

No Longer Needed
Rep. David Holmes, D-Detroit, introduced an "open occupancy" bill which would permit the corporation and securities commission to revoke the license of a

real estate broker who made a transaction on the basis of racial discrimination.

Gov. Romney and Atty. Gen. Frank Kelley have agreed that such legislation is no longer required because the State Civil Rights Commission has full powers in dealing with discrimination in housing.

Rep. Albert Horrigan, D-Flint, introduced a bill to repeal the so-called Ford-Canton language written into the state unemployment compensation law in 1963. The language sets forth conditions of eligibility of workers for unemployment benefits when they are idled by a strike in another plant of the same firm.

A bill to outlaw the Communist Party in Michigan, designed primarily to keep its candidates off election ballots, was introduced by Rep. Richard Guzowski, D-Detroit.

Bodyguard For Governor
A similar bill passed the House in 1963 but was reconsidered and defeated.

Rep. Don Wismer, R-Port Huron, sponsored a bill Wednesday

which would require the governor to have a full-time bodyguard.

The governor at present is protected by a three-man state police detail but not on an around-the-clock basis.

A dozen Senators introduced an agricultural commodities marketing bill which would enable the agriculture department director to help arrange marketing agreements among producers, distributors, and processors.

Such agreements would be subject to a referendum by the producers.

The bill's chief sponsor is Sen. William Milliken, R-Traverse City.

Billboard License Bill Introduced

LANSING (AP)—Billboard companies would have to buy licenses and permits and post bonds if a bill introduced by Sen. Kent Lundgren, R-Menominee, becomes law. It would set up an outdoor advertising board to issue licenses costing \$25 to \$300 and require posting of bonds worth \$500 to \$5,000, both depending on how many signs a firm has.

JoAnne Taylor Will Be Bride Of Roger C. Olson

Mr. and Mrs. Ray Taylor, 911 Washington Ave., announce the engagement and approaching marriage of their daughter, JoAnne to Roger Charles Olson, son of Mr. and Mrs. Albert Charles Olson, formerly of Minneapolis, now residing in Chicago.

The bride-elect is a graduate of Ferris Institute in Big Rapids and is employed as a secretary for Faegre and Benson law firm in Minneapolis.

The prospective bridegroom was graduated from Augsburg College in St. Paul and is a sales representative for IBM in St. Paul.

The Rev. Gordon Thorpe will officiate at the ceremony which is to be held April 4 at Immanuel Lutheran Church.

Missionary Program At Assembly Of God

The Women's Missionary Council of the Assembly of God Church, 301 N. 15th St., will conduct the annual Missionary service Sunday, Feb. 23 at 7:30 p. m.

The ladies will present a skit entitled, "Lost Next Door." There will also be scripture reading and comments by the vice president of the group. Several vocal selections will be given and a solo will be played on the organ recently purchased for the church. The pastor, the Rev. Joseph L. Blau, will address the congregation.

Lunch will be served to all attending in the church parlors by the ladies of the church. The public is invited to attend.

Births

SHOEN—Mr. and Mrs. Clyde Shoen, Hermansville, are the parents of a daughter, their first child, born at St. Francis Hospital Feb. 20 at 7:25 p. m. The infant, Marcia Ann, weighed 8 pounds, Mrs. Shoen is the former June Smith.

BINTLIFF—A son, Todd Thomas, is the second child of Mr. and Mrs. Thomas Bintliff, 1116 S. 16th St. The infant, born at St. Francis Hospital at 7:48 p. m. Feb. 20, weighed 10 pounds and 8 ounces. Judy Himer is the mother's maiden name.

Service Sunday At Bark River

The Lenten series of First Methodist Church and Bark River Methodist will continue this Sunday evening at Bark River with the showing of two films in the "Living Christ" series, "Men of the Wilderness" and "The Boyhood and Baptism of Jesus."

The service will begin at 7:30 p. m. and the public is cordially invited to attend.

Church Events

Salem Groups

The children's class at Salem Ev. Lutheran Church meets at 9 a. m., Saturday, with the Junior Choir meeting at 10:30 a. m.

Bethany Class

Senior Confirmation instruction class will meet at Bethany Lutheran Church Saturday at 9 a. m.

Bible Study

Men of Immanuel Lutheran Church will meet Saturday at 7:30 p. m. at the church for Bible study. All men of the parish are encouraged to attend. A coffee hour will follow the study period.

Cheryl Ann Cady Is Homemaker

TRENNY—Cheryl Ann Cady, daughter of Mr. and Mrs. Leslie Cady, Trenary, has been chosen Trenary High School's "Homemaker of Tomorrow." Miss Cady, a senior, received the highest score in the school in a written knowledge and aptitude examination given Dec. 8.

She will be awarded a "Homemaker of Tomorrow" pin and her test paper will be entered in competition for state honors. Cheryl is an honor roll student and plans to attend Northern Michigan University in the fall.

Rock PTA Will Meet Monday

ROCK—The Rock PTA will meet at the school at 8 p. m. Monday, Feb. 24. Frank Wairovich and Melvin Reynolds of the Child Guidance Clinic in Escanaba will show a film, "Angry Boy." They will also explain the services of the Clinic and conduct a question and answer period. All interested persons are invited.

The serving of lunch during the district basketball tournament will be discussed. Lunch will be served after the meeting in the home room.

Mrs. John N. Patana

Brenda Faith Moser John Patana's Bride

Residing in Birch Grove Trailer Court, Marquette, after a honeymoon in Canada, are Mr. and Mrs. John Nester Patana who were married in an 11 a. m. double ring ceremony Feb. 8 at St. Charles Borromeo Church, Rapid River, by the Rev. John Vincent Suhr.

The bride is the former Brenda Faith Moser, daughter of Mr. and Mrs. Walter Moser, Rapid River. Mr. Patana is a son of Mrs. Nestor (Sophie) Patana of Baraga.

The bride was attended by her sister-in-law, Mrs. Carole Moser of Perkins, as matron of honor, and Mrs. Sandy Patana, Ishpeming, Christine Patana, Baraga and Gail Savala, Trenary, bridesmaids. Best man was Allen Moser, groomsmen were Richard Patana, Clifford Moser and Robert Hodges, Calumet, and the guests were seated by Lawrence Sauve and Mike Kadlitz.

Bridal Gown—Candice Moser, Perkins, dressed as a miniature bride, was

flower girl, and Mark Sauve carried the rings on a heart shaped pillow of satin and lace.

The bride's gown, a design by Michael Paul of Italy, was of Fima cotton and acetate. The smooth, fitted bodice dipped to a V at the back waistline and the gored skirt extended in to a chapel train. Her flowers were a cascade of white feathered carnations, white hyacinth florettes and red garnet roses. A jeweled crown held her bouffant illusion veil.

Her attendants wore frocks of blue-green brocade acetate, styled with scoop necklines and floor length bell skirts, fashioned of deep folds. Their headpieces were blue-green rosettes and they carried white carnations with deep green satin ribbons.

Reception and Dance—Altar flowers were blue and white pompons and the bouquet the bride placed before the statue of the Blessed Virgin, was of blue and white carnations.

The reception and wedding dance were held at Rapid River Legion Hall. Mrs. Moser received guests in a three piece costume suit of ice blue cotton and acetate brocade with which she wore a winter white wool hat and navy accessories. Mrs. Patana chose a gold brocade dress with matching accessories.

The bride is a 1963 graduate of Rapid River High School and her husband was graduated from Baraga High School in 1961.

Elks Auxiliary Dinner Meeting Thursday Night

The Elks Ladies' Auxiliary will have an important dinner meeting Thursday, Feb. 27, in the lounge of the Elks Club.

Mrs. Edward Boissineau is chairman of the evening and will be assisted by Mrs. Edwin A. Olson, Mrs. W. J. Lavette and Mrs. Harold U. Edger.

Reservations may be made through Wednesday, Feb. 26, by calling the Elks Club, ST 6-2294, or Mrs. Boissineau, ST 6-0044.

Dinner will be served at 6:30 p. m., followed by the business session and a card social.

Square Dance At Bark River

The Promenaders Square Dance Club will have a dance Saturday, Feb. 22, from 9 p. m. to midnight at Bark River-Harris School. Menominee couples will attend with the caller, Frank Kirby. All members are urged to be at the party and to pick up their ballots for the coming election March 7. Mr. and Mrs. William Mulvaney are chairmen of the lunch committee.

Rock—Mr. and Mrs. Herb Westlund left for a vacation to Florida.

Mr. and Mrs. John Jokela left Wednesday to visit with Mr. and Mrs. Harold Jokela and son in Salinas, Calif.

Mr. and Mrs. George Rogers are visiting relatives in Detroit. Mrs. Martin Granholm of Gwinn and Mrs. Walter Mannie are visiting relatives in St. Paul.

School Board—The Rock Board of Education will meet at the school, Monday, Feb. 24, at 7 p. m.

Home Ec Lesson—Miss Ingrid Tervonen will be at the club house on Tuesday, Feb. 25, at 1 p. m. to give a lesson, "Your Money's Worth in Meats." All interested persons are welcome.

Correction—Mr. and Mrs. Edward Lindstrom of Harvey are the parents of a daughter, born recently. A previous incorrect item listed the parents as the Ronald Lindstroms.

Merry Homemakers—The Merry Homemakers Extension group met Monday evening at the home of Mrs. Francis Cayer of Soo Hill.

Miss Ingrid Tervonen was a guest at the meeting and taught knitting. The March meeting will be held at the home of Mrs. Gunnar Mattson, Soo Hill.

Soo Line Bid For Line South Opposed In U.P.

Public request for a stand by the Escanaba city council on the petition of the Soo Line Railroad for trackage rights over the Lake Superior & Ishpeming Railroad had been expected at the council meeting last night but failed to develop.

Wesley Perron of the Soo Line spoke privately with councilmen after the session on the project, which has been opposed by the Marquette city commission.

The Soo Line proposal would give it rights over the LS&I trackage from Marquette to Eben Junction, and permit traffic on the Soo's Rapid River branch and into its main line system south. The shortcut would give the Soo a more direct route to the Chicago area from the Marquette Range and cut 24 hours from train time.

Three In Opposition
The proposal will be heard by the Interstate Commerce Commission in a public hearing at Marquette starting Mar. 16.

It will be opposed by the Milwaukee Road, the Chicago & North Western and the Mackinac & Northern railroads. They maintain that the business in the area already is too lean to support good rail service and that if there is to be another major north-south rail service in the mid-Upper Peninsula they will be adversely affected and that present passenger services on the Milwaukee Road and C&NW in the U. P. will be imperiled.

The proposal for joint use of trackage by the Soo and LS&I comes as part of a general shuffling of U. P. rail transportation facilities to meet changed conditions. The Soo and its partners in the Mackinac Transportation Co. are proposing to end railroad carry service from St. Ignace to Mackinaw City.

Below the Straits of Mackinac the Pennsylvania Railroad is asking ICC permission to abandon 223 miles of railroad and the New York Central and Michigan Central railroads have also asked permission to end service in the top of Lower Michigan.

Stations Consolidated
The Soo Line has been consolidating its agency service, closing many stations in the U. P. and will ask next month for permission to transfer its Rapid River service to Gladstone.

The Soo Line is owned by the Canadian Pacific Railroad, and embodies the former Duluth, South Shore & Atlantic Railroad in the U. P., since its merger in 1960. The LS&I is owned chiefly by the Cleveland Cliffs Iron Co. and moves CCI ore at the Marquette Range. A prize at stake in the current effort to realign transportation services is the pelletized ore haul from CCI's big operations on the Marquette Range.

The North Western knocked out the LS&I's effort to use Soo Line trackage from Eben Junction to Rapid River for an ore haul to a new dock it proposed to build at Sterling Harbor on Little Bay de Noc across from Gladstone several years ago by opposing LS&I's case before the ICC.

The North Western says it has a rail line in existence to serve the needs which the trackage proposal would serve and that a duplicating facility wouldn't be permitted by the government's regulatory agency, the ICC.

Rail unions opposed the trackage proposal at Marquette, saying that the Soo Line's acquisition of the South Shore had cost many jobs in the area and reduced service.

Cutter Brings Ship Survivors
NEW YORK (AP)—The Coast Guard cutter Coos Bay headed toward its base at Portland, Maine, today with 11 of the 20 survivors from the British freighter Ambassador. The search for 14 other crewmen ended Thursday night and they are presumed to have drowned in the stormy North Atlantic.

Nine crewmen from the storm-wrecked Ambassador, who were picked up by the Norwegian ore carrier Fruen, are en route to Rotterdam.

The Coos Bay, due in Portland Monday, also carries the body of Capt. Harry Strickland, master of the Ambassador which was wrecked by Tuesday's storm.

Spain Gets U.S. Polaris Base
MADRID (AP)—The United States is going to base eight Polaris submarines at the U.S. Spanish naval base at Rota, on Spain's southern Atlantic Coast, within easy reach of the Mediterranean.

The submarine tender Proteus is expected to arrive Monday at Rota from Holy Loch, Scotland, only other U.S. Polaris submarine base in Europe, to become mother ship to the new squadron.

The pending assignment of the nuclear submarines to Rota had been an open secret in the area for weeks. There was no formal announcement in Madrid, but the commander of the Polaris squadron at Holy Loch, Capt. David Bell, confirmed the reports Thursday in disclosing the departure of the Proteus.

The United States has had Polaris submarines on patrol in the Mediterranean almost a year. With a range of 1,725 miles, their missiles are capable of penetrating deep into the Soviet Union.

Plane Crashes In Philippines With 22 Aboard
MANILA (AP)—A Philippine Airlines twin-engine plane carrying at least 22 passengers and three crewmen crashed into a mountain on Mindanao Island today.

The Civil Aeronautics Administration here said two survivors—both injured—were rescued. There was no further word on survivors.

The crash area is in Lanao del Sur Province near Lake Lanao.

The plane, a DC3, was on a local flight.

One farm worker today produces food, fiber and other commodities for himself and 28 other persons.

DIANE PERSON, 20-year-old coed from Kingsford, was crowned Northern Michigan University sweetheart of 1964 during halftime ceremonies of the Northern-Michigan Tech basketball game Wednesday night. Sponsored by the Delta Sigma Phi Fraternity, the blue-eyed blond was selected from six candidates and will serve as hostess during Northern's All-Events Week which begins Monday. More than 30 Michigan colleges and universities have been invited to enter candidates in the Michigan Collegiate Snow Queen contest.

Seaway Will Pay Its Own Way

Within the next 10 years, the St. Lawrence Seaway will be paying its own way, is the prediction of Joseph H. McCann of Detroit, who administers the federal Seaway Development Corp.

McCann and others who take it almost for granted that the Seaway's future will be steady and happy describe how long it took—and still is taking—many potential users to realize its advantages.

They say that early boosters, with rose-colored glasses but without adequate criteria for judgment, often forecast so much immediate business that the first five years look like failure.

The waterway had to dog-paddle before it could swim, in McCann's thinking. Despite a slow start, tonnage has increased every year, and he expects the figure to pass 50 million tons in the early 1970s—the first self-supporting strokes.

Jobs of Education
Customer acceptance has been perhaps the biggest problem, paralleling inadequate

port facilities in many cities. McCann has campaigned throughout the Great Lakes states for educating the producer to the money-saving, time-saving, damage-resistant Seaway route to the world.

By fostering new and expanding industry in its area, the Seaway actually helps bring new business to the rails and other transportation systems, McCann says.

An example is an industry which located in Muskegon because of the Seaway. Its exports go entirely by Seaway, but they comprise only 10 per cent of the company's output. The other 90 per cent of this new business is shipped domestically by rail.

"I certainly don't think everyone who could be taking advantage of the Seaway," McCann said recently.

"There is a definite need for many more port facilities on the Great Lakes.

"At the same time, there is the job of educating producers not to use the more expensive ways of shipping."

'Coastal' Habits
Some of the educating, he says, should be aimed at the traffic manager or foreign freight forwarder who is "in a rut."

Historically, many of these have thought only of New York when shipping east and San Francisco for shipping west, with an occasional glance at Gulf ports.

Though all categories of cargo increased this season before the last Seaway lock closed Dec. 12, authorities were most triumphant over the continued rise in general cargo, both imported and exported.

General cargo is the packaged items which have greater value than such bulk cargo as iron ore or grain; on which higher tolls are charged, and which bring greater direct revenue to the ports which handle them.

It was worth more than twice as much as bulk cargo to the United States and Canada in terms of tolls to pay for the Seaway and the money left behind.

A nationally accepted port authorities' figure is that about \$14 stays in a city—in the form of dock wages, trucking, warehousing, service charges, grocery and supply purchases, ship repair labor, and other costs—for every ton of general cargo handled across its docks.

These economic benefits to Detroit alone in 1963, according to preliminary figures of the Detroit-Wayne County Port Commission, totaled more than \$9 million last year, an increase of \$1½ million over 1962.

Women Accused In \$8900 Theft
ST. JOSEPH (AP)—A St. Joseph woman and her daughter are charged with larceny in alleged theft of \$8,900 from the estate of a woman friend.

Police arrested Mrs. Fred Klahm, 55, and her daughter, Mrs. Wilfred Piner, 33, Thursday at the Mount Clemens Savings Bank in Mount Clemens. Both were returned here in custody.

Police Chief Tom Gillespie said Mrs. Klahm and Mrs. Piner had gone to the bank to pick up \$3,900 from a safety deposit box where they had placed it after withdrawing it from the account of the late Mrs. Alma Sturm, 72. Gillespie said the two took out the money on a signed card from Mrs. Sturm shortly before her death last Oct. 23 and later testified at a court hearing on the estate that they did not know what had become of the money.

Farm Boy Drops In At School By Parachute
WALKERVILLE (AP)—A spectacular contrast to high school dropouts, 17-year-old Mike Chase often is a drop-in at Walkerville High School where he is a senior.

The son of "Flying Farmer" Miles Chase, Mike arrives for class by parachute when weather permits.

The Chase farm lies only about three miles northwest of this Oceana County community. It takes about 30 minutes for Mike to pack his chute for a jump and another half-hour for the family light plane to climb to jump altitude of 4,500 feet.

The elder Chase has owned and operated an airplane more than 25 years.

Mike began taking flying instructions at age 14 and two years later qualified for both his pilot's license and auto driver's license on the same day.

He became interested in parachuting last September and took instructions for about six weeks. He made his first jump in October and since then has logged 35 others. He carries a spare chute for emergencies.

Soprano Hopes To Have Baby

VIENNA (AP)—Operatic soprano Anna Moffo says she hopes she is expecting a baby but she doesn't know yet.

After Miss Moffo collapsed during Verdi's "Rigoletto" in London Feb. 12, a New York newspaper reported she was expecting a child.

"I hope this is true," she said today in Vienna, "but I don't know yet."

Miss Moffo, 27, is the wife of Mario Lanfranchi, Italian television director. They have no children.

DENVER (AP)—Ed C. Johnson, 80, former Colorado governor and U. S. senator, was reported in satisfactory condition today after a 2½-hour operation for removal of his gall bladder and appendix.

BARTOW, Fla. (AP)—Sen. Spessard Holland, 72, says he will seek a fourth term in the Senate next November and doesn't expect any opposition.

Holland, a Democrat, disclosed his plans at an "appreciation day" dinner in Bartow.

TORONTO (AP)—Can you see Richard Burton playing James Bond, the high-living, hard-drinking, woman-chasing secret agent of Ian Fleming's fiction?

It's possible. Producer Kevin McClory, who has exclusive screen rights on the Bond stories, has been in Toronto, where Burton is rehearsing for a Broadway play.

McClory told newsmen: "I came to talk a little business with Burton. I can't say what that business is... (but) we came to an understanding of mutual interests."

LONDON (AP)—Quote of the day: Prince Philip, commenting on the gloom in Britain about the exodus of scientists to the United States: "It is assumed that anyone can get one of these jobs. But no one seems to remember that you have got to have the qualifications first—and that they must be better than those available in America."

Briefly Told
Wayne E. Nault, 609 S. 17th St., was ticketed by Escanaba police for speeding.

Commander William Garbett of the World War I Veterans Barracks 1128 appointed Edward F. Anderson as adjutant of the barracks and Tony Miller, Andrew Lindquist and Anderson as trustees at a meeting in the VFW Hall.

Because of other commitments, the friendship dinner sponsored by the United Commercial Travelers and scheduled for Tuesday, Feb. 25, will be held March 3 at 7 p. m. in Marco's Club Room. For reservations call Clarence Zeno at ST6-7887.

Bill Rodman of Rodman Millwork Co. recently attended a two day "Window Workshop" at the Andersen Corp., manufacturers of Andersen windows at Bayport, Minn. The workshop included a trip through the plant, largest in the world devoted entirely to the manufacture of window units.

Rodney R. Kidd, 18, of 303 N. 19th St., was in Escanaba municipal court a few months ago (Nov. 27, 1963) on a disorderly charge. He asked the court for a delay in his appearance. He left town, was picked up the other day by police when he returned, and today the court ordered him to pay a fine and costs of \$30 or go to jail for 15 days.

Commander Robert Jensen of Chapter 24, Disabled Veterans of America, says there is no connection between DAV and salesmen or peddlers selling plastic rosettes, patriotic calendars, emblems, and other trinkets or collectors picking up household discards and identifying themselves as 'disabled American veterans.' "We ask the public to be on guard," said Jensen.

A typographical error resulted in the omission of two lines of type from the report on Richard Rinehart's talk at the Escanaba Woman's Club meeting Wednesday. The paragraph, correctly, reads, "He (Mr. Rinehart) stated that the college will continue to be enlarged and renovated until the entire building is in use, as the anticipated enrollment of full and part time students is 600."

Joseph E. Truckey, 109 S. 16th St., discovered that smoking has many hazards—particularly when a motorist gets his fingers burned. The fire from the cigarette burned Truckey's fingers, fell into his lap. Truckey lost control and struck a parked car owned by Stella L. Erickson, 1410 1st Ave. S. Police ticketed him for failing to have his car under control. The accident occurred Thursday afternoon.

Troopers Sent After Absentees In Legislature

LANSING (AP)—Rebelling against the absence of many members in the first Friday session of the year, the House voted today to put on a "call of the House" and send state police after its unexcused absentees.

It appeared that about 15 members would be effected by the surprise action, which came on a 39-26 vote after a half-hour's debate.

Only 68 of the House's 110 members responded to roll call when House Speaker Allison Green, R-Kingston, dropped the gavel at 10 a.m.

A count showed that 27 of the 32 absentees had asked and been granted excuses from today's session, but 15 others were "absent without leave."

The "call of the house"—normally reserved for occasions when action on certain bills is deemed urgent—was proposed by Rep. George Montgomery, D-Detroit.

In support, Rep. Russell Hellman, D-Dollar Bay, told members:

"I spend one half of the normal work week driving back and forth from my home to Lansing. I don't think it's fair for me to have to do this, while others who live close by can just take off when they want to."

Dollar Bay is near Marquette, in the Upper Peninsula.

On motion of Rep. John Fitzpatrick, D-Detroit, and against the objections of House Minority Leader Joseph Kowalski, D-Detroit and House GOP Floor Leader Robert Waldron, R-Grosse Pointe, the chamber voted to send state police after the absentees.

Newberry Legion Auxiliary Plans Party For Veterans
At their Tuesday 8 p. m. meeting the American Legion Auxiliary planned a Easter party for the Veterans at the Newberry State Hospital. Mrs. Eileen Paul is the rehabilitation chairman.

Members of the local unit were invited to a party Feb. 22, at the Soo.

The March meeting falls on St. Patrick's Day, and arrangements will be in charge of Mrs. Lucille Hall, and Mrs. Jessie Gallagher.

At the conclusion of the meeting games were played, the proceeds going to the March of Dimes and Bay Cliff Health Camp. Lunch was served by Mrs. Lillian Mercier.

Bishop Baraga Circle Meets
The Bishop Baraga Circle met Wednesday at the home of Mrs. C. B. Beaulieu. The Rev. Fr. August Franzcek was present and he gave an interesting and informative talk about the life of Bishop Baraga, first Bishop of the Diocese of Marquette.

A discussion of the possibility of the Circle making a pilgrimage to Bishop Baraga's Crypt at St. Peter's Cathedral at a later date was discussed, as well as promoting devotion to the cause of his canonization.

The surprise package was won by Mrs. James Dake, after which the hostess served coffee.

Fishing Conditions
In the western portion of the District, northern pike spearing has been good on Big Manistique Lake. Millescoquin Lake near Engadine has been also producing well for northern pike. Near Manistique, Indian Lake has been consistent for northern pike, walleyes and perch.

In Chippewa County, good perch fishing reported on Hurlbert Lake, especially toward evening in deep water. Wigglers and perch eyes good bait.

Base Lake in Northern Luce County has also been good for perch. Best fishing has been toward evening in shallow water. Wigglers and perch eyes good bait. In the Eastern portion of the District, Brevort and East Lakes in the St. Ignace areas have been fairly good for pike spearing.

Ice conditions on Raber Bay have been good with a minimum of snow. Perch fishing has also been very good in the vicinity of Round Island. Perch and northern fishing has been good East of Lime Island.

In the Les Cheneaux area, perch fishing has been good on Government Bay. In Muskellonge Bay, pike spearing has been excellent and perch fishing fair. In the Hessel area, excellent catches of perch are being taken. Wigglers are best bait. Ice conditions are good. Fishing pressure has increased in this area.

Pike spearing closes Feb. 29 on inland lakes and Les Cheneaux Channel area.

Briefly Told
Robert Yake, of the Driver Licensing Bureau at Lansing was a caller at the Luce County Office Wednesday, from here he continued to K. I. Sawyer AFB at Marquette. While here he gave Sheriff Hild notices to post advising out of state applicants for Michigan licenses, that their out of state licenses must be surrendered in making application, as well as their Michigan expired licenses.

Results of the Ladies Cribbage scores following Wednesday night's game are: The American Legion 131 up, WBA, 124 up, Gazelles, 131 down, Rebekah, down, 124 L e g i o n over the Gazelles 131, WBA over the Rebekahs, 124. Standings, Gazelles up 632, American Legion Auxiliary, up 386, WBA down 231, and the Rebekahs, down 797. High scorers, Kit Thomas and Ida Caswell up 124.

Photo Authorized
WASHINGTON (AP)—The House passed a resolution Thursday authorizing a photograph to be taken of one of its regular sessions. It will be included in future editions of a pictorial book on Congress' entitled "We The People."

Some members of Congress, including Sen. Barry Goldwater, R-Ariz., urged Marine intervention after the Cubans shut off the flow of water to Guantanamo.

Speaking of Cuba's cutoff of water to the base, Johnson said: "We have dealt with the latest challenge and provocation from Havana, without sending the Marines to turn on a water faucet."

After citing what he termed "the dangers of today," Johnson said that "if we were to solve them all tomorrow, there will be more next week."

Taking this perspective, he said that "the weathervane of headlines is not the signpost of history."

Johnson pledged anew that the United States, though not directly involved, "will do all we can to find a solution" to the Cypriot problem.

"I appeal for an end to bloodshed, before it is too late," he said.

"It is the task of statesmanship to prevent the danger in Cyprus from exploding into disaster."

Turning to Panama, he said the United States is "prepared, calmly and without pressure, to consider all the problems which exist between us—and to solve them promptly."

Asserting that the United States has been patient in handling the Panama crisis, Johnson said the watchword at the Guantanamo Naval Base is preparedness.

Speaking of Cuba's cutoff of water to the base, Johnson said: "We have dealt with the latest challenge and provocation from Havana, without sending the Marines to turn on a water faucet."

Some members of Congress, including Sen. Barry Goldwater, R-Ariz., urged Marine intervention after the Cubans shut off the flow of water to Guantanamo.

After citing what he termed "the dangers of today," Johnson said that "if we were to solve them all tomorrow, there will be more next week."

Taking this perspective, he said that "the weathervane of headlines is not the signpost of history."

In This Corner

with Ray Crandall

This has been a season of upsets in Upper Peninsula high school basketball circles. Almost every week some highly regarded quint suffers a surprise setback. Coach Vic Fochasato's Norway Vikings got into the act this week when they spilled Iron Mountain 57-55 in Menominee Range conference action. Ron Warner led Norway to its fifth victory against 11 defeats with 18 points.

The Mass Rockets climbed back to the top rung of the Porcupine Mountain conference this week by beating Trout Creek 69-56 to avenge an earlier 48-42 setback to the Anglers. Dennis Milu, in his best scoring effort of the season, led Mass with 31 points while Bob Manning tallied 24 for Coach Bruce Warren.

While Carney has clinched the 1964 championship in the Big Eight conference race, three teams are deadlocked for the runner-up spot, all with 10-5 records. Alpha moved into the three-way tie with Felch and Hermansville by bombing Pembine 90-63 with Ron Lepisto scoring 28 points.

Clayton Olson exploded for 31 points as the Channing Railroaders snapped a 10 game losing streak by edging Vulcan 80-76. Channing hadn't won a game since scoring a 75-67 upset over Hermansville on Dec. 13. Jim Mastie had a big night for Vulcan with 32 points.

Dollar Bay became the first Copper Country team to hit the century mark this season when the Blue Bolts struck Chas-tell 101-65. John Ziemnick pumped in 40 points for one of the U.P.'s top individual performances of the season.

Five Peninsula Boxers Win In Kenosha Finals

KENOSHA (Special To Press)—Five Upper Peninsula fighters battled their way to Wisconsin Golden Gloves crowns in state championship bouts staged here Thursday night.

The Upper Peninsula boxers were members of the Green Bay team that won 10 of 16 bouts against champions from the Kenosha tournament.

Last night marked the end of the trail for novice fighters while the open division winners advance to the national Golden Gloves tournament that opens in Louisville Feb. 24.

Three Menominee scrappers punched out decisions on last night's card and two of three Sawyer Air Base boxers scored victories.

Coach Bobby Hansen of Menominee got the Green Bay team off to a successful start in the first fight of the night as Tim Davis outpointed David Hughes of Kenosha at 112 pounds in the novice division. Veteran Menominee bantamweight Dick Schomer outclassed Bill Rothmaller of Waukegan in an open division scrap. Schomer will carry a career record of 19 victories in 23 bouts into the national tournament.

Ted Beaudou extended his career victory string to 11 as the Menominee middleweight slugged out a unanimous decision over Don Lutz in another open division feature.

Formus White, novice light heavyweight from Sawyer Air Base, slammed out a technical kayo over Jimmy Marks of Kenosha in 1:22 of the third round.

Sawyer's classy little open division flyweight, Art Lopez,

St. Anne's, St. Joe Win First Games

Thursday Results
St. Anne's 35, Flat Rock 22
St. Joe 39, All Saints 28
Games Saturday
1:30—St. Pat's vs. St. Anne's
3—St. Thomas vs. St. Joe

St. Anne's and St. Joe notched victories in opening games of the Grade School basketball league postseason tournament at the Holy Name gym Thursday night.

Semifinal games will be played Saturday afternoon and the finals Sunday.

St. Anne's topped Flat Rock 25-22 with Schaut pacing the winners with 13 points. La-Carte and Marenger tallied six apiece for the losers.

Boyle pumped in 16 points to lead St. Joe to a 39-28 decision over All Saints. Hendrickson scored eight and Verhamme seven for All Saints.

Four U.P. Quints Are League Champs

Upper Peninsula high school basketball teams are entering the stretch drive this weekend with only one more week of action in the regular season.

Four conference championships have already been decided and more will be clinched this weekend.

Teams that have tucked

away conference honors already are Nahma in the Central League, Negaunee St. Paul in the Mid-Peninsula, Baraga in the Copper Country, Carney in the Big Eight and Niagara in the Big Eight and Niagara is assured of at least a share of the Menominee Range title. Pickford could nail down the Eastern banner with a victory

over Engadine, a team that shares the cellar spot with Cedarville.

Sault Ste. Marie invades Gladstone tonight in a game that will determine the Great Lakes championship. If the Blue Devils win they will cop the trophy. If they lose Ishpeming will back into the throne room with 9-3 mark.

Kingsford is the only team in the Menominee Range with a chance to catch up to Niagara. The Flivvers must beat Iron Mountain in their finale next week to share the crown.

Still up for grabs is the Michigan-Wisconsin championship. Wakefield heads the standing with an 8-2 record. Ironwood is second at 8-3 and Superior East is 7-3.

Mass has a slim lead atop the Porcupine Mountain race with a 9-2 mark, half a game ahead of Trout Creek with 8-2.

Finley Warned To Settle Lease Problem Or Else

BOSTON (AP)—Fellow club owners confronted Athletics' boss Charles O. Finley Friday in an American League summit meeting designed to settle his stalemate with Kansas City officials over a Municipal Stadium lease—or else.

League President Joe Cronin already has made it plain the alternative may be the expulsion of Finley.

The principals, armed with legal advisers, weren't talking much prior to the closed door session.

But a source close to Louis Nizer, Finley's lawyer, revealed Nizer has advised Finley to:

1. Go ahead and sign a three-year lease under league pressure, then,

2. Enter a law suit against the league for forcing him into a lease he did not wish.

Cronin ordered the meeting after two deadlines set for Finley came and went without the lease impasse being resolved.

The Finley camp is firmly convinced the league has no grounds to disenfranchise him. Cronin admits "Finley has threatened litigation from the start" if such a move is made.

Earlier this week, however,

Cronin also told a Senate subcommittee the league has power to do so. When he ordered this meeting, Cronin advised that if a settlement was not made, the league is prepared to hold another meeting which will "consider the termination of membership in the league of Charles O. Finley and Co., Inc."

Kansas City officials, represented by Mayor Ilius Davis and City Counsel Harbert Hoffman, sat in on the meeting at Cronin's invitation. They had maintained the Municipal Stadium lease must be for four years. Finley has not waived from his two-years-or-nothing stand.

Just before the extension deadline ran out last Saturday midnight, there was word the city was willing to compromise with a three-year lease, but Finley denied a concrete offer had been made.

Finley said Thursday night he welcomed the chance of presenting the issue before his fellow executives. The indications are he might also welcome an opportunity to take his case before the courts and the U.S. Senate.

Author-Pitcher Brosnan Placed On Waiver List

By The Associated Press

Jim Brosnan right now is worth about the price of his two books—in paperback editions. The 34-year-old right-handed pitcher and author of some note was put up for sale Thursday by the Chicago White Sox for \$1. It was understood that the deal is contingent upon the purchaser also taking his typewriter, at no extra charge.

Brosnan and the White Sox parted enemies in a contract dispute centering on his insistence on publishing his observations of baseball during the season. Brosnan indicated a \$6,000 cut from his 1963 salary of \$30,000 was not an issue.

Fame came to Brosnan in two fields and at about the same time as he helped pitch the Cincinnati Reds to the National League pennant in 1961 by compiling a 10-4 record in relief, and authored a national best-seller, "The Long Season."

Brosnan followed up the first book with "The Pennant Race," some magazine articles and a 4-4 record. Both the written ma-

terial and his entries in the baseball book placed his job in jeopardy with the Reds. He ultimately was let go.

Brosnan was 3-8 with a 2.84 earned run average for the White Sox last season, but again fell into disfavor over his writing. The final break came Thursday when General Manager Ed Short issued a quit writing order. Brosnan said he intended to continue.

Brosnan said the prohibition on his writing was in his contract, and he refused to sign it because it "appears to be unethical." Brosnan also said Short was guilty of an "un-sportsmanlike attitude and had prejudiced my position in obtaining another baseball job" by waiting until Thursday to issue the ultimatum.

"He apparently doesn't care whether I work or not," said Brosnan.

Short said he had tried unsuccessfully to make a deal with "every major league club" for Brosnan, who went on the waiver list at the \$1 price estab-

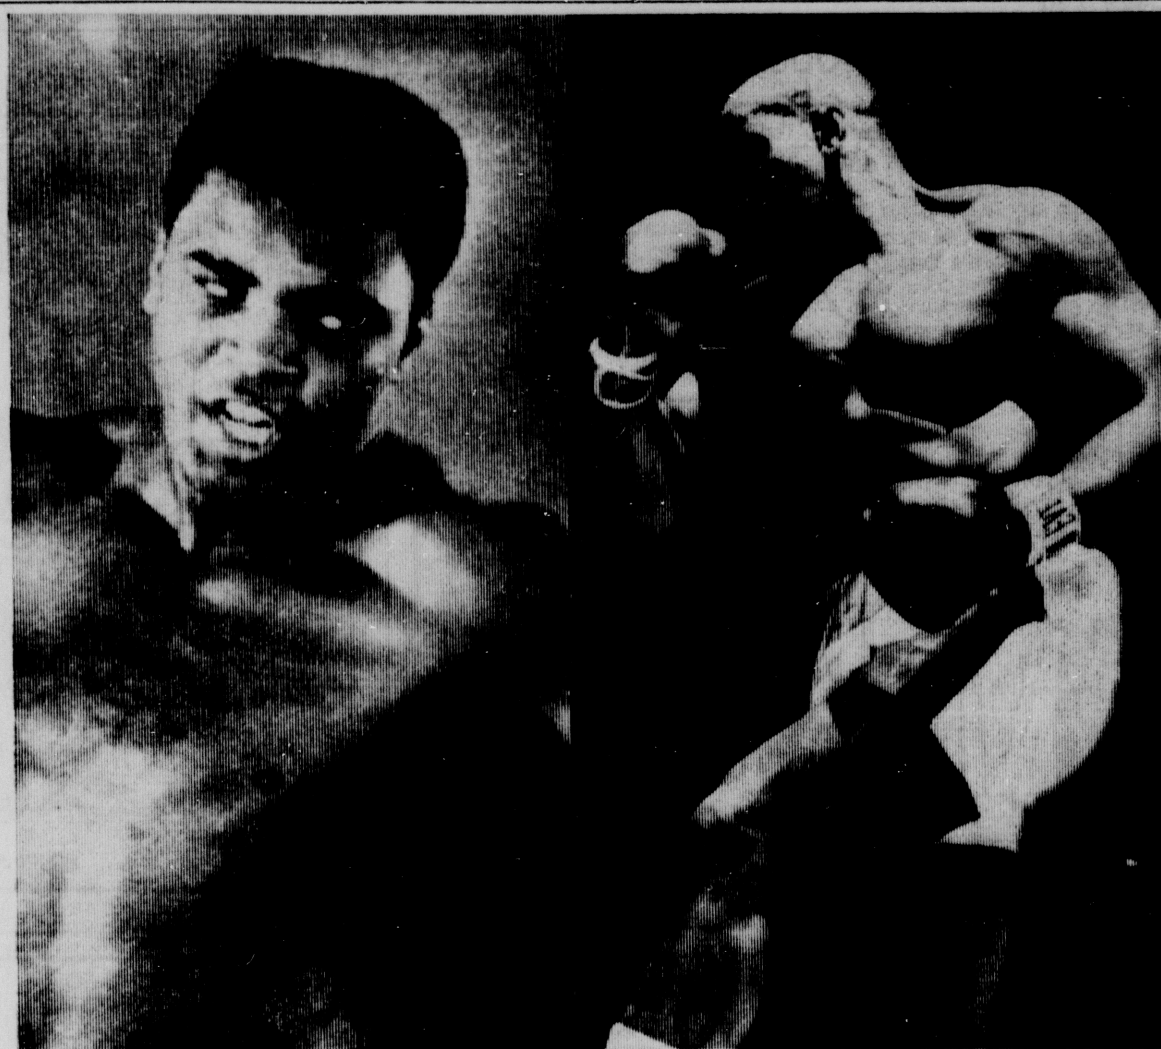

lished for veterans of eight or more years of service. Players with less service are put up for waivers at \$20,000.

Brosnan now has to wait out the three-day waiver period.

Then, he said, "I'll start shopping around if nothing happens. My problem will be finding a club that will let me publish as well as pitch. As of now, I am just a free-lance writer."

The Cleveland Indians supplied the rest of the day's baseball news. At the same time they reported outfielder Tito Francona will undergo abdominal surgery for a hernia, they also announced the hiring of a physiology professor to help bring the club into peak physical condition.

Dr. Lawrence Golding, an expert on calisthenics and a Kent State University professor, will prescribe corrective measures for the Indians after giving tests designed to measure strength, stamina, physical fat, reaction time and flexibility.

Cocky Cassius Looks Lousy In Last Drill

MIAMI BEACH, Fla. (AP)—Cassius Clay probably will hold his last boxing drill today in preparation for his title fight with heavyweight champion Sonny Liston Tuesday. For the sake of the promotion it would be just as well if he does make it the last.

The cocky challenger from Louisville looked like a bush leaguer in a two-round session with Cody Jones of Detroit Thursday. Some veteran boxing observers, who had seen him spar earlier in the week, said Cassius looked just as poorly several other times.

Still, a workout is not a fight. The fighters wear head guards and use 16-ounce gloves instead of the eight-ounce ones used in the fight. With this protection, fighters sometimes get careless and that may have happened with Clay.

Yet, a fighter practices in sparring sessions the things he hopes to do in the actual fight. Getting clipped on the chin by thumping left hooks certainly can't be too helpful.

Even light heavyweight champion Willie Pastrano concedes 6-5 that Willie is one of the few in the business picking Clay to win.

Pastrano, working in the same gym with Clay, said "Cassius has the speed, size, power and youth to win. He'll have to keep moving and not let up for a moment. You can't get careless with Liston."

"Cassius will have to go the full 15 rounds to win. That's the way I see it. The only way anyone can knock out Liston is with a baseball bat."

Pastrano is managed by Angelo Dundee, who also trains Clay. That relationship may tend to influence Willie's prediction. Pastrano is getting ready for his title defense against Argentina's Gregorio Peralta in New Orleans, April 10.

Pastrano is managed by Angelo Dundee, who also trains Clay. That relationship may tend to influence Willie's prediction. Pastrano is getting ready for his title defense against Argentina's Gregorio Peralta in New Orleans, April 10.

Jury Finds No Cause In Hazen Law Case Here

A jury of eight women and four men with James Howland as foreman unanimously found there was no cause for action in the lawsuit of Hazel and Ossie Hazen of Garden against Clyde Chertier, Chertier Service station and Vernon Tuffnell, in Circuit Court Thursday afternoon.

The trial commenced Wednesday and the jury retired at 10 a.m., Thursday for about three hours deliberation. The verdict was reached at 2 p.m.

Mrs. Hazen sought damages of \$20,000 and her husband, \$10,000 for injuries alleged to have been sustained Aug. 4, 1961, while Mrs. Hazen was having a stalled car pushed by the Chertier wrecker with Vernon Tuffnell driving. Contact was lost and the wrecker bumped the car, the testimony indicated. Twelve witnesses testified, including a physician and a chiropractor.

Library Receives AP Memorial Book On JFK Death

The Associated Press story of the death of a president, "The Torch is Passed" has been presented the Manistique School and Public Library by Frank Hoholik, president of the Manistique Pulp and Paper Co. Mr. Hoholik received the autographed copy from Wes Gallagher, general manager of the Associated Press.

Garage Building Option Is Taken For City Offices

The City of Manistique was granted a 90 day option to purchase the garage property of Mr. and Mrs. Elmer T. Lundstrom on South Maple Street.

The property contains 8,800 square feet on the main floor and will provide quarters for departments of the city presently housed in the old city hall building. The latter is sought by a Wisconsin firm for plans as yet not disclosed.

The city has its public safety department housed in the old building, plus offices of the Alger-Schoolcraft Health Department and the Schoolcraft County School superintendent.

Both properties are in commercial zones.

Fishing Derby Planned Sunday

A fishing derby will be held from 2 to 4 p.m., Sunday at Danielson's landing on Indian Lake under sponsorship of the Schoolcraft Sportsmen's Club. Those through age 16 may compete. Prizes will be awarded in various categories.

Obituary

MRS. WILLIAM GRAY
Funeral services for Mrs. William (Margaret) Gray, 69, of 207 N. First St., who died February 17 were held at 2 p.m. Thursday from Messier-Brouillette Funeral Home with Rev. William Farnham officiating. Mrs. Roy LaMarche was organist. Pallbearers, all grandchildren, were Harold and Raymond Pratt, Nelson and Ronald DeLoria, Lloyd Davis and Michael Gray. Burial was in Fairview Cemetery.

Hospital

Discharged from Schoolcraft Memorial Hospital were Kathy Fegan, 416 Oak; Mike Burnis, 352 Cedar St.; Victoria St. Ours and baby, Shingleton; and Ken Billings, 720 Park Ave.

Sky Eyes

Women's Club Will Hear Talk By 'Sky Eyes'

An inspirational talk on cultivation of happiness instead of fear will be presented for the Manistique Women's Club Tuesday, when it observes Teacher's Guest Day, by Sky Eyes, a nationally known personality whose ancestry derives from the Cherokees of Tennessee.

Sky Eyes was born and reared on a farm in Missouri and, though she lost her father when six, she set a college education as her goal and in her teens rode 10 miles a day horseback to give piano lessons and then pay for her own. To add to her educational fund she walked three miles daily delivering milk, raised and sold a Missouri mule, and raised and sold chickens.

She received a B. Pe. degree from Southwest College in Springfield, Mo., and a degree in music and art from the same school.

Fears and doubts of social success, fear of not getting along with others, fears of financial lack and others which worry Americans will be discussed by her. Her talks are a unique combination of Indian philosophy and psychology in modern terms, with a sauce of wit and have been given in some 8500 appearances in the United States, Canada and England.

Police Recruit Deadline Near

All applications for the next State Police school must be submitted by 5 p.m., Feb. 28, Sgt. Bernard Grace, commander of the Manistique post reports. The school begins in Mid-May. Application forms are available at the police post. Young men between 21 and 29, married or single are eligible, but must be not less than 5' 10" height with weight in proportion and must have a high school education or its equivalent in general education development test.

Recruits go on the payroll immediately. In the trooper rank alone, with regular step increases, troopers earn more than \$7200 annually with a four per cent increase recommended next July. Promotions bring further increases. After 25 years an officer can retire with a pension of half his pay. The same goes to his wife if she survives him and does not marry.

Births

Mr. and Mrs. Charles C. Crapps, Marquette Ave., are the parents of a daughter weighing 6 pounds 11½ ounces born Feb. 20 in Schoolcraft Memorial Hospital. Mrs. Cripps is the former June Sebeck.

Mr. and Mrs. George J. Neville, 157 N. Cedar St., are the parents of a son weighing 7 pounds 3¼ ounces born Feb. 19 in Schoolcraft Memorial Hospital. Mrs. Neville is the former Lola Marie Lancour.

A son weighing 8 pounds 11 ounces was born Feb. 20 in Schoolcraft Memorial Hospital to Mr. and Mrs. Ronald W. Demers, Cooks. Mrs. Demers is the former Karen Ann Gray.

Swamp Tax Money Sent

Distribution of swamp tax money, based on 15 cents per acre on state tax lands for the year ending Dec. 1, 1963 is being made by county treasurer William Cowman.

The total for the townships is as follows: Doyle, \$498.16; Germfask, \$116.09; Manistique, \$569.38; Mueller, \$64.99; Seney, \$1,851.75 and Thompson, \$87.12. School districts received a total of \$39,164.16, distributed as follows: Doyle, \$3,238.08; Germfask, \$1,625.18; Hiawatha, \$15,086.08; Inwood, \$766.24; Manistique, \$5,651.00; Mueller, \$324.95; Seney, \$12,036.34 and Thompson, \$436.29.

Distribution was on the basis of the 15-mill allocation set by the Allocation board. Some townships did not receive allocations and thus do not receive the swamp tax money.

Mild Winter Is Not So Saving

Michigan State Highway Department says it may save up to \$1 million this year on winter maintenance of highways because the winter is the mildest in recent years and snowplowing costs are down proportionately.

Eut William J. Karas, Delta County highway engineer, isn't so optimistic about local economies because of the anemic winter.

Milones can be expensive in the North, too, he says.

It causes nuisance ice, for instance, Karas explained that when the air temperature is about 32 degrees F and the ground temperature about 20 degrees, traffic on highways causes an icing of the condensation of humidity on the cold pavement. There needn't be any snowfall or rain to cause this, it's atmospheric.

The situation is specially dangerous and requires lots of sanding patrol work, says Karas because the icing is apt to occur in areas sheltered by timber or topography. This is worse than general icing, because traffic may speed on clear pavement and then encounter an ice patch suddenly.

And inches of snowfall don't mean much in the North, says Karas. If the plows are equipped to move 12 inches of snow and only 2 inches fall, they have to go about as much work to remove the 2 inches.

Timing is important, too. If snow falls in work hours from Monday morning to 4 p. m., Friday it gets moved on regular work time, but if there's a weekend snow fall it calls for overtime and a week's payroll may show 9 days of pay instead of the normal 5 because of the weekend plowing or sanding.

That's why Karas wants to wait until spring to see how much money is left in the winter maintenance kitty before he reports a saving in winter spending.

When not maintaining highways the road crew is varnishing picnic tables, brushing and going other "housekeeping" work for the parks and highways.

Feed Grain Signup Will Close Mar. 27

Growers who participate in the 1964 feed grain program will have advantages over growers who elect not to participate, says Vincent Rappette, chairman, Delta County Agricultural Stabilization and Conservation Committee.

The participating grower earns a diversion payment for reducing his 1964 acreage of corn or barley, thereby assuring himself of a substantial income from the diverted acres regardless of drought, flood, insects, hail, or crop disease. This is also true of the price-support payment which is made on the acreage planted in 1964 to one or more of the feed grains.

And if the farmer requests it, an advance payment of part of the diversion payment will be made at the time of signing up.

Farm operators may file applications at the ASCS County Office to March 27.

Union Supports War On Poverty

MIAMI BEACH, Fla. (AP) — The AFL-CIO Executive Council drafted resolutions Thursday calling on President Johnson to step up his war on poverty in general and on unemployment in particular.

Federal measures to reduce the nation's 4.6-million jobless total are "the key factor in the whole fight against poverty," said a spokesman for the council, which sets policy for AFL-CIO unions and their 13.5 million members.

"We are in favor of the idea of the war on poverty," the spokesman said, "and we want to see some action. It is not enough just to say this. There has got to be some legislative action."

He said demands the AFL-CIO will make on Johnson and Congress include:

1. An accelerated public works program "translated into immediate jobs."
2. An increase in the minimum wage, now \$1.25 an hour, to \$2 and expanding its coverage to millions of workers.
3. A shorter work week, with double pay to discourage overtime and spread employment.

Johnson already has proposed double pay for overtime in some industries and expanding minimum wage coverage but he has not acceded to labor demands to cut the work week to 35 hours. Labor considers this the essential measure to reduce unemployment.

Seney Honors Veteran School Board Member

SENEY—Mrs. Pearl Smith, who has served on Seney Board of Education the past 39 years, was honored at the PTA meeting held Tuesday evening at Town Hall. Streamers, flowers and candles formed the decorations.

The program, with Mrs. Ruth England, chairman, included community singing, a vocal duet by Janice Carpenter and Nancy Miller, a play, "School Program of 1910," by a group of school children, a solo, Janice Carpenter, history by Elaine Anderson, book of congratulatory messages, Dick St. Martin, presentation of a PTA gift by Leslie Walstrom and of a school children's gift by Julie Hollingshead, closing remarks by Mrs. Beda Hough.

A coffee hour followed the program.

Eighty relatives and friends from Newberry, McMillan, Germask, Manistique and Sault Ste. Marie, attended the affair.

Farm Bureau Women

Farm Bureau Women will meet at Jack's Restaurant Tuesday, March 10, for a noon luncheon.

Children of the Burton Peterson family are at home, ill with measles.

Candice Carpenter is recuperating at home after appendix surgery at Tahquamenon General Hospital.

Mr. and Mrs. M. Schrock returned from a week's visit with relatives in Goshen, Ind.

Mrs. David Morrison, student at the Practical Nurse Center, Marquette, and Milo Conser Jr., student at Northern, were visitors at home.

Seney School was broken into Friday night but nothing was taken. Entrance was gained by breaking a window in the back door.

Munising Telephone Co. has completed installation of 33 telephones in Seney.

Beth Tobin, daughter of Mr. and Mrs. Clyde Tobin, will take part in Northern Michigan University band concert Friday. Beth is a freshman, majoring in music.

Some of the peaks in the Appalachian Mountain system are more than 6,000 feet in elevation.

Story Of A Pocket Knife When Washington Nearly Resigned

By ROBERT COCHNAR

George Washington almost quit his command during the brutal winter of 1777-78 at Valley Forge, Pennsylvania.

If he had, the outcome of the American Revolution and the revered position Washington holds in the history of his country might have been considerably different. And, according to at least one report of that long winter, a pocket-knife caused the Commander-in-Chief to change his mind.

After bitter defeats by the British at Brandywine and Germantown and unable to retreat to the British-held Philadelphia, the Continental armies had no alternative but to create a makeshift camp on the frozen hills of Valley Forge.

The bedraggled and dispirited soldiers had little food, almost no clothing and barely existed in rough log huts which provided slight shelter against the harsh wind. Thousands starved. Bare feet made bloody prints in the snow.

Large supplies of shoes, uniforms and food were stored not far away, but the inaction of the Continental Congress kept them from the armies. The Congress, in fact, had been driven out of Philadelphia by the British and covered in York, Pa., about 100 miles away from Valley Forge.

Washington endured treason, faithlessness, abuse, jealousy and personal treachery. He had little support and could barely hold his tattered troops together. Tory clergymen shouted from the pulpit, urging his assassination. John Adams had resigned from the Army and was home in Braintree, Mass. Jefferson, never a soldier, rested comfortably at Monticello.

The general's great store of patience was nearly empty.

As he considered his almost hopeless position, he never thought of the pocketknife his mother had given him as a boy. It was a kind of consolation gift for obeying her command to refrain from accepting a commission as a midshipman in the British Navy.

In presenting the gift, Mary Washington told her son, "Always obey your superiors."

Symbolizing as it did a crisis that might have ruined him, Washington always carried the knife with him. The winter at Valley Forge was no exception.

One day, during a particularly dismal period of the encampment, he came to a reluctant decision. The general summoned his staff and astonished it by reading a letter of resignation.

His aides begged him to reconsider, but Washington refused until one associate, Col. Henry Knox, asked him if he had forgotten about the knife. The dejected leader was puzzled until Knox asked:

"Did you not receive that knife with the admonition always to obey your superiors? Have you not in the present instance been ordered by the Congress to command this army? And isn't it true that Congress has not yet ordered you to relinquish this command?"

Washington hesitated. The reminder of the turning point of his boyhood quickly grew into the realization that he could not allow his temporary feelings to cause him to make a tragic decision at a time

His mother's gift of the knife was a consolation for rejecting an opportunity to enter the British Navy.

when the fate of his young nation so much depended on him.

General Washington smiled thinly. And tore his resignation to bits.

Stephenson Class Of 1949 Plans Reunion

BARK RIVER—The committee of the Stephenson High School class of 1949 met Monday at the home of Mrs. Lloyd Olson, formerly Patricia LeMieux of Nadeau, to plan a 15 year reunion which will take place Saturday, June 27, at Hirsch's Supper Club at Gardner. Present at Monday's meeting were Mrs. Mabel Berger Eichorn of Carney, Mrs. Irene Chatlosh Marciniak and Mrs. Clara Schainstine Hanson, both of Stephenson. Committee members unable to be present were Mesdames Caroline Fisher Sjolholm, Helen Saltz Raboin of Daggett and Ann Krol Kiraly of Stephenson.

The committee worked on the program, place cards, table centerpiece and table decorations. Plans call for a cocktail hour from 6 to 7:30 and dinner at 7:30. Plans will be completed at the next meeting which will be held Wednesday, April 1, at the Eichorn home in Carney.

With Band

Clyde Gasparick, son of Mr. and Mrs. Fred Gasparick, is a member of the Northern Michigan University band of Marquette which will present its annual winter concert at 8:15 p. m., Friday, Feb. 21, in the Little Theater there.

New Record

Eric Ahlin broke the Bark River - Harris Junior High School record with 24 points at the Junior High game with Rock Saturday, Bark River-Harris over Rock, 41-26.

Mr. and Mrs. Henry W. Boyle left by plane for Rochester, Minn., Wednesday where Mr. Boyle is entering St. Mary Hospital for surgery.

Luxembourg is a charter member of the United Nations.
